TOWN OF HUDSON, N.H.

ANNUAL TOWN MEETING

**Saturday, March 17, 1984
Hudson Memorial School**

At 9:10 a.m., the Town Clerk, Karen R. Wisnosky swore in Richard E. Dolbec as school district moderator and town moderator.

At 9:12 a.m., the Moderator called the meeting to order. Assistant Moderator Robert Hill led the house in the Pledge to the Flag.

It was noted that Joanne Goslin from the **Nashua Telegraph** and Mr. Namowitz from the **Lowell Sun** were on the floor of the meeting as members of the press and non-voters.

A moment of silence was observed at this time for Henry Shepherd who passed away this past year, for he had served as a firefighter for the town for several years.

Article #1 - Mr. Joseph Jacquet moved for the adoption of this article and Suzanne Gordon seconded the motion. Mrs. Erb asked if the large money articles could be deferred until more voters arrived. Mr. Jacquet stated that he felt by law that the bond issue articles had to be brought up first.

Kathy Demers questioned as to where the highway garage would be located. Mr. Al Hogan, Road Agent, answered and explained that the plans were to locate the garage on Kimball Hill Road. Mr. Joseph Field questioned as to the effect the articles would have on the tax rate. It was stated that if everything was passed today the tax rate for the town would go up approximately \$2.75 per thousand. Mr. Hogan, Selectman John Lawrence and Selectman Bednar spoke on the question. It was stated that the Board of LSelectmen voted 4 to 1 against this article. Mr. Leslie Erb and Mr. Walsh question further. Mr. Hogan answered further questions and Mr. Lawrence answered further as to the bidding process to be used on the garage. Mr. Joseph Morin, Priscilla Bernasconi and Mr. Zolin spoke in favor of this article. Mr. Joseph Jacquet, chairman of the budget committee answered the questions posed by Kenneth Massey as to why the budget committee voted unanimously in favor of this article. He stated that the committee felt that the costs of this project were rising each year and if the town waited too much longer when they needed it now the costs would be much more. Sharlene Fast moved to amend this article to '\$400,000.' This motion was seconded by Mr. Walsh. Ed Lamper and Fidele Bernasconi spoke against the amendment.

Mr. Paul Drew made the motion to move the previous question, seconded by Donald Shepard, the motion carried and the question was moved. The amendment of '\$400,000.' was on the floor at this time. This amendment was lost by voice vote.

The moderator stated that on a bond issue the voting must remain open for at least 1 hour and requires a 2 / 3 majority vote for passage.

Paul Drew moved for the adoption of the article as written and this motion was seconded. The voting on this article started at 10:17 a.m. Ballot #1 YES / NO, gold in color, was used for voting on this article.

At 10:26 a.m., the town clerk administered the oath of office to Donald MacIntyre as Library Trustee, elected March 13, 1984.

Article #2 - Mr. Joseph Jacquet moved for the adoption and Mr. William Irwin seconded the motion.

Paul Drew moved to bring up Articles 5 through 13 at this time, Mrs. Margaret Erb seconded this motion, but the motion was lost.

Article #2 on floor at this time - Mrs. Jane Pfarner spoke in favor of this article and gave specific information relative to the need for this library addition.

Mr. Charles Coughlin spoke against this article and Mrs. Margaret Erb, Ken Clark, Susan Dufault, Jane Bowles, Fidele Bernasconi, Teri Bru and Kathy Demers spoke in favor. Mr. Don MacIntyre and Jane Pfarner answered questions from the floor. Joseph Smith spoke saying that we should not spend for this building this year. Paul Drew also spoke against the article. Mr. Briggs questioned the Library Trustees as to the amount of money and the bonding process. Selectman Lawrence answered questions concerning the bonding and monies to be appropriated by the town. He stated that the addition would not be bonded until all the monies needed had been raised for the entire project. Library trustee Eleanor Cropley also answered questions. Mr. Leonard Smith answered questions relative to the construction.

Mr. Bednar amended by adding at the end of article after the word 'thereto', 'The \$400,000. shall not be borrowed until matching funds in the amount of \$400,000. shall have been raised.' Mr. Don MacIntyre and Charles Coughlin seconded this motion and the amendment carried unanimously.

The article as amended was on the floor at this time. Carol Roberts made the motion to move the previous question. Mr. Drew seconded this motion and the question was moved unanimously. Article #2 as amended - voting started at 11:08 a.m. - Ballot #2 was used (YES/NO).

Article #3 - Mr. Joseph Jacquet moved for its adoption and Mr. Shawn Jasper and Mr. John Lawrence seconded this motion.

A two minute recess was called at 11:15 a.m. to change the tape recorder and was called back to order by the moderator at 11:18 a.m. Mr. Shawn Jasper moved that the voting on Article #1 be closed. This motion was seconded by Kenneth Clark and the motion carried. The voting on article #1 was closed at 11:20 a.m.

Article #3 was on the floor at this time. Charles Coughlin moved that the speaking be limited to five minutes per speaker per article for the rest of the day. The time to be kept accumulatively. Mr. Shawn Jasper seconded this motion. This motion to limit debate to five minutes was put to a voice vote. The motion was lost.

Results of the balloting on Article #1 - Total ballots cast - 276
YES 162 NO 114 The 2/3 majority vote needed for passage was not achieved.

Article #1 was lost.

Mr. Lawrence answered questions about the sewer collection reimbursements being made in reference to article #3. Article #3 - a bond issue - required 2/3 majority vote and the balloting remain open for 1 hour. Ballot #3 (YES / NO) was used and at 11:50 a.m. voting started.

Article #4 — Mr. Joe Jacquet moved for its adoption and Mr. Lawrence seconded this motion. Margaret Erb questioned the reimbursements by the users of the sewer and Mr. Lawrence answered further questions.

At 12 noon, Gilbert Nolte was sworn in as Library Trustee by the town clerk.

Mr. William Irwin questioned the selectmen as to the relation of Ordinance 77A as amended and this article. Mr. Lawrence answered questions from the floor.

Mr. Shawn Jasper moved that the polls be closed on Article #2 as amended and this was seconded by William Irwin and the motion carried. The polls closed on article #2 at 12:16 p.m.

Mr. Bednar moved to amend article #4 by adding at the end of the article 'the costs of construction shall be shared on the basis of 50% by the town and 50% by the abutters', this seconded by Phil Lauren. Mr. Bednar spoke in length. Mr. Jacquet, Leslie Erb and Mr. Wilkins spoke against this amendment.

Mr. Caputo made the motion to move the previous question, motion seconded and the motion carried.

Voice vote taken and the amendment to Article #4 was lost.

State of the ballot on Article #2 — Library Addition
Total votes cast — 307 YES 201 NO 106 2/3 majority vote needed for passage was not achieved.

Article #2 was lost.

Mr. Jacquet moved to amend by deleting the last sentence of article #4 starting with the wording 'in accordance with Ordinance 77A as amended'

and by placing a (.) after the word 'users' in the last sentence. Mr. Jacquet amended further by removing the (.) after the word 'users' and adding the wording 'of the entire system'. Mr. Donald Shepard seconded this motion.

A short recess was called at 12:40 p.m. and called back to order at 12:42 p.m.

Mr. Joseph Smith spoke in favor of this amendment. Mr. Michael Krebs, Mrs. Sylvia Jurkowski and Mrs. Sharlene Fast spoke against the amendment. Mr. John Lawrence spoke in length on this motion.

Mr. Shawn Jasper moved that the polls be closed on Article #3, this motion seconded by Joseph Caputo. The motion carried and the polls closed at 12:51 p.m.

Mr. Leslie Erb made the motion to move the previous question. Mr. Ken Massey seconded the motion and the question was moved.

The amendment to Article #4 was on the floor at this time- this amendment carried by voice vote. Article #4 as amended on the floor at this time.

Paul Drew made the motion to move the previous question, seconded by Shawn Jasper, but this motion was lost.

Mr. Ken Clark asked that the house permit Mr. Wilkins to speak as he was affected by this article as he resides on Belknap Road. The house permitted him to speak by not moving the question. Mr. Wilkins questioned and Mr. Lawrence answered. At this time Leslie Erb made the motion to move the previous question and Mr. Bernard Manor seconded this motion. The motion carried and the question was moved.

Article #4 as amended was voted on starting at 1:05 p.m. Ballot #4 (YES / NO), gold in color, was used.

Ballots of Article #2 were recounted as requested by Library Trustee Doris Ducharme. Recounted state of the ballot- ballots cast- 305
YES 201 NO 104 The article lost by 2 votes, as a 2 / 3 majority vote was needed for passage.

A recess was called at 1:09 p.m. for 15 minutes and the meeting was called back to order at 1:40 p.m.

Article #3- state of the ballot- ballots cast 232 YES- 177 NO- 46
Article #3 was adopted by more than a 2 / 3 majority vote required.

Article #3 adopted as written as follows: 'To see if the Town will vote to raise and appropriate the sum of \$1,670,000.00 for the purpose of constructing sewage facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and will qualify the town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$1,670,000.00 under, and in compliance with, the provisions of the Municipal Finance Act (N.H. RSA 33.1 ET SEQ.,as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such action as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Hudson; and to direct the Selectmen to enter into contracts or agreements for the actual costs with industry or industrial parks which shall provide for the payment to the Town by each such industry or industrial park for the industry or industrial park; and to allow the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Control Act, as amended (33U.S.C. 1251 et seq.); or to take any other action relative thereto.'

Mrs. Weghorst, who had recorded her vote in the negative with the moderator on Article #2, asked that Article #2 as amended be reconsidered. Joe Wozniak seconded this motion. Under RSA Chapter 33 the motion to reconsider could be taken at this time, but the article could not be reconsidered until 7 days from this date.

Mrs. Jane Pfarner spoke in favor of this motion to reconsider and Joseph Morin spoke in favor also. George Baker, Ken Briggs and Shawn Jasper spoke against this motion. Kenneth Clark made the motion to move the previous question. Judith Jacquet and several others seconded this motion and the motion carried.

The question was now on the recondieration of Article #2 as amended. The voice vote was in doubt so the Moderator called for a ballot vote. He stated that ballot #5 was to be used on this motion to reconsider. Voting started at 1:52 p.m. and only a majority vote was needed. The voting closed on this motion at 1:58 p.m.

Article #5 — Mr. John Lawrence moved that this article be indefinitely postponed and Phil Laurien seconded this motion. **Article #5 was indefinitely postponed.**

Article #7 — Mr. Charles Coughlin moved for the adoption of this article at this time. Mr. Caputo seconded this motion and — **Article #7 was adopted** by voice vote. 'To see if the Town will vote to accept numerous bequests as Trust Funds, for income to be used for the perpetual care of the various cemetery lots.'

Richard Millard offered a resolution: 'Whereas the members of Hudson Lions Club, subject to their board of directors, contemplate construction of a new building to replace the present youth center in 1984, for the use of all citizens of the town of Hudson, under the director of authority of the town, the building to be named Lions Memorial Building or other appropriate

name containing Lions in it. building will be 30x60.* All construction will comply to building code of Hudson, be one story with frost wall foundation, concrete slab wood—frame construction, 3 means of egress, texture 111 siding, windows, 2 lavatories, 2 or more storage closets, electrical service with outlets and lights, gas hot air heat, w / unit heaters. Interior of building sheetrock and/or plywood. A trussroof so that interior partitions of folding door could be later installed. The selectmen of Hudson shall appoint one member as a liaison for the town. a waiver of site plan and building permit is hereby granted as building will be located within setbacks for such building. Removal of trees and brush to facilitate same is also approved. Removal of present building will be under direction of selectmen. Use of present sewer connection is also approved. *With entrance 30 X 20'

Mr. Gosselin seconded this motion and the resolution was adopted unanimously by acclamation.

It was noted that this was the first town meeting at which our first five man board of selectmen were in attendance. Noted also that yesterday in open meeting at town hall at selectmen's meeting that Shawn Jasper was appointed chairman of the board.

The state of the ballot on the reconsideration of Article #2 — YES 151
NO 84. **The reconsideration of article #2 carried.**

Mr. Jasper moved that the voting on article #4 be closed. This motion was seconded by Paul Drew and the polls closed at 2:10 p.m.

Mr. Charles Coughlin had recorded his vote in the negative on Article #1 with the moderator and now asked for the reconsideration of this article. Sandra Blanchard seconded this motion. The reconsideration of Article #1 was in the affirmative by voice vote. **Article #1 was reconsidered.**

Article #6- Mr. Joseph Jacquet moved that this article be adopted in the amount of \$5,320,812.00. This motion was seconded by Shawn Jasper. Mr. Shawn Jasper moved to amend by changing the amount to \$5,343,717.00. This amendment increased the article by \$22,905. which allowed for town employees to get an 8% increase in salaries as the school teachers got this year. Mr. Joseph Morin seconded this motion and the amendment carried. Article #6 as amended was on the floor. Sharlene Fast questioned the budget figures and Mr. Joseph Jacquet, chairman of Budget Committee answered. Charles Coughlin questioned further and Mr. Jacquet answered. Mr. Kenneth Massey questioned the line items relative to legal fees and the fixed costs for insurance. Mr. Jasper answered and Charles Coughlin questioned further.

Mr. Alfred Hogan asked that the house permit Robert Perreault to speak as he is the town engineer and a non-resident. The house permitted him to speak and answer questions. Frank Nutting, Richard Millard spoke in favor of the monies appropriated for the education of town employees. Lois Crawford questioned and Mrs. LaPlante spoke in favor. Chief of Police William Blake answered questions concerning monies paid to police officers as listed in the annual town report.

Paul Inderbitzen spoke stating that the budget committee had done a good job and perhaps the house should go along with their recommendations.

State of the ballot on Article #4 — 213 votes cast — YES 154 NO 59
The 2/3 majority vote needed for passage was achieved and **Article #4 was adopted.**

Several spoke of Article #6 concerning the continued education for employees, among them were Leon Malouin and Kenneth Massey.

Mr. Kenneth Clark made the motion to move the previous question and this motion was seconded by Mr. Krebs. The question was moved by more than the 2/3 majority vote needed.

Article #6 as amended to \$5,343,717.00 was adopted by voice vote.

Paul Inderbitzen was recognized at this time for a personal privilege. Mr. Inderbitzen, chairman of Planning Board, recognized Mr. Leon Malouin for all the dedicated hours spent as selectman representative to the planning board. Mr. Malouin was presented a citation and the house gave him a standing ovation. The moderator commended Mr. Malouin further for his hard work as selectman at the elections.

Article #8- Charles Coughlin moved for its adoption and Don Shepard seconded this motion and this article was **unanimously adopted.** 'To see if the Town will vote to authorize the Selectmen to pledge the credit of the Town in anticipation of taxes, said amount not to exceed the amount in the previous year's taxes, committed to the Tax Collector for collection.'

Article #9 — Mr. Caputo moved for its adoption and Joseph Morin seconded and the article was **unanimously adopted.** 'To see if the Town will vote to authorize and empower the Selectmen to sell and convey at public auction, or advertised sealed bids, any or all real estate acquired by the Town for unpaid taxes, pursuant to RSA 80:42, as amended in 1977.'

Article #10 — Mr. Malouin moved for the adoption and Emery Nadeau seconded this motion and the **article was adopted unanimously.** 'To see if the Town will vote, pursuant to Chapter 41 of the 1979 Laws, to authorize the Board of Selectmen to apply for, accept and expend, without any further action by the Town Meeting, funds or grants from Federal, State and other government units or from any private source, which become available during the fiscal year, subject, however to the following restrictions: a. Such funds or grants may only be used for legal purposes for which a Town may appropriate money; b. The Selectmen are required to hold a prior Public Hearing on any action to be taken in connection with said funds or grants; and c. Said funds or grants may not require the expenditure of other Town funds; or take any other action thereto.'

Article #11 — Mr. Jacquet moved for its adoption and Mr. Caputo seconded this motion and the **article adopted unanimously**. 'To see if the Town will vote to use any and all revenue sharing monies, estimated to be \$134,114.00, which will become available during fiscal year 1984-85, to partially offset the cost of hydrant rental.'

Article #12 — Charles Coughlin moved for its adoption and Robert Cote seconded this motion and the **article was unanimously adopted**.

Article #13 — Mr. Caputo moved for its adoption and Mr. Malouin seconded this motion. Tom Thorp questioned. Mr. Sohm, Selectman Lawrence and Tax Collector Karen Wisnosky spoke on the question and urging the defeat of this article. **Article #13 was lost by voice vote**.

Article #14 — Mr. Lawrence moved that this article be indefinitely postponed. This motion was seconded by Joe Jacquet. This article proposed the sum of \$95,000.00 for the addition of the Hills Memorial Library. Mr. Leonard Smith moved to table this article and several seconded this motion. There was a 2 / 3 majority vote required for passage. A standing vote was taken YES 86 NO 62 The motion to lay on the table was lost.

At 3:30 p.m., Gerald Q. Nash and Darlene Piper were both sworn in as Charter Commission members by the town clerk.

Article #14 — The motion to postpone this article carried and the **article was postponed indefinitely**.

Article #15 — Mr. John Lawrence moved for its adoption and Mr. Glenn Blanchard seconded this motion. Mr. Lawrence further moved for the indefinite postponement of this article and the motion was seconded by Joe Jacquet and this motion carried. **This article was indefinitely postponed**.

Article #16 — Shawn Jasper moved to indefinitely postpone and this was seconded by Joe Jacquet. Mr. Leon Malouin made the motion to move the question, seconded by Joe Jacquet, Mr. Gagnon, Fidele Bernasconi and this motion carried. **this article was indefinitely postponed unanimously**.

Article #17 — Mr. Jacquet moved for its adoption and Mr. Malouin seconded this motion and the motion carried. This article was adopted: 'To see if the Town will vote to raise and appropriate the sum of \$22,200. (\$18,000 payroll plus benefits) and authorize the Selectmen to hire a Zoning Enforcement officer, whose duties and responsibilities as established by the Selectmen shall include: a. To administer and enforce the Hudson Zoning Ordinance, to coordinate such enforcement activities with other Town departments as appropriate, and to assist in any legal action necessary to ensure compliance, and b. To receive, review and assist in the filing of all applications for the Planning Board and the Zoning Board of Adjustment, and C, To assist in the preparation and proper notification of agendas for meetings of the Planning Board and the Zoning Board of Adjustment, and d. To coordinate the activities of the Planning Board and Zoning Board of Adjustment with other Town departments and agencies as appropriate, and e. To assist the Building Inspector in the determination of compliance with Town ordinances and regulations prior to the issuance of occupancy permits.'

Article #18 — Mr. Caputo moved for its adoption and Mr. Jacquet seconded this motion. Joe Jacquet spoke on the motion and Robert Perreault, town engineer was allowed by the house once again to speak as he is a non-resident. Mr. Perreault spoke in length. Mr. Jacquet and Mr. Kenneth Clark questioned. Mr. Earl Whitaker spoke in favor and this article **was unanimously adopted** by voice vote. — 'To see if the Town will vote to raise and appropriate \$200,000.00 for the purpose of capping a portion of the existing landfill, performing additional hydrogeologic studies, and any other work deem necessary by the N.H. Bureau of Solid Waste Management in matters pertaining to the Town's solid waste program.'

Article #19 — Mrs. Joan Wagner moved for its adoption and Mr. Caputo seconded this motion and the article **was adopted unanimously**. — 'To see if the Town will vote to raise and appropriate the sum of \$300,000.00 for the purpose of continuing the Townwide Paving Project or to take any other action relative thereto.'

Article #20 — Mr. Bednar moved for its adoption seconded by Noella Michaud. Mr. Perreault was permitted to speak on this article and he spoke in length. Ken Massey amended by placing a (,) after the amount of \$1,000.00 (,) and deleting the balance of the article. Mr. Les Erb seconded this motion. Mr. Len Smith, George Arris and Mr. Zolin spoke in favor of the amendment. Francene Parkhurst spoke against. Tom Thorp questioned the Town Engineer and Mr. Kenneth Massey clarified this amendment further. William Tate questioned town engineer on the selection of bidders. Mr. Perreault stated that it was within the realm of the selectmen to pre-qualify the bidders.

Mr. Bednar spoke for a second time in length. Gerard Cassavant spoke in favor of the amendment.

Shawn Jasper made the motion to move the question and Mr. Drew seconded this motion. The question was moved unanimously.

The amendment carried by voice vote — **Article #20 as amended was adopted**. 'To see if the Town will direct the Selectmen to obtain sealed bids for all capital equipment in excess of \$1,000.00.'

Article #21 — Mrs. Sandra Blanchard moved for its adoption and Rhona Charbonneau seconded this motion and the article **was unanimously adopted**. — 'To see if the Town will vote to raise and appropriate a sum of \$60,000.00 for the purchase of a new plow truck and body complete with sanding unit and plows for the Highway Department.'

Article #22 — Suzanne Gordon moved for its adoption and Sandra Blanchard seconded this motion and the article **was unanimously adopted**. — 'To see if the Town will vote to raise and appropriate a sum not to exceed \$15,000.00 for the purchase of a sewer rodder for the Highway Department to replace the used 1966 Military unit.'

Article #23 — Mr. Frank Nutting moved for its adoption and Sandra Blanchard seconded the motion. Frank Nutting questioned on how the house felt about ambulance fees being raised from \$20. to \$25. The house was in agreement. **Article #23 was adopted**. — to replace 1972 Cadillac \$30,000., 15,000. from reserve.

Article #24 — Mr. Frank Nutting moved for the adoption and Donald Shepard seconded and the article was **unanimously adopted**. Fire Dept station wagon for \$9,000.00.

Article #25 — Donald MacIntyre moved for the adoption and Mr. Caputo seconded this motion. Mrs. Erb questioned and Frank Nutting spoke in favor **This article was adopted** by voice vote. — Vehicle for building inspector for the sum of \$8,300.00.

Article #26 — Mr. Bednar moved for adoption and Mrs. Hoskins seconded this motion. Mr. Bednar spoke. Mr. Jacquet spoke against and Peter Lanzillo spoke in favor. **The article was lost.**

Article #27 — Mr. Jacquet moved for its adoption and Paul Inderbitzen and Bernard Manor seconded this motion. Mr. Inderbitzen amended by adding this sentence at the end of the article — 'It is the intent of this Town Meeting, that a portion of the cost of these signals be requested from the owners and residents of the Flagstone Drive / Hampshire Drive / Sagamore Industrial Park.' Mr. Bernasconi seconded this motion and the amendment carried. **Article #27 as amended on floor at this time** — Ken Clark questioned and Ralph Burgess spoke and questioned. **Article #27 as amended was adopted unanlmously.** — To see if the Town will vote to raise and appropriate the sum **Article #37** of \$70,000.00 for the purpose of constructing traffic signals at the intersection of Wason Road and Flagstone Drive with Lowell Road (N.H. Route 3A); and to authorize the Selectmen to take any other action relative thereto. It is the intent of this Town Meeting, that a portion of the costs of these signals be requested from the owners and residents of the Flagstone Drive / Hampshire Drive / Sagamore Industrial Park.'

Article #28 — Mr. Jacquet moved for its adoption and Sandra Blanchard seconded. Mr. Lawrence and Town Engineer Robert Perreault answered questions. Sharlene Fast spoke against along with Judith Netto. Theresa Dussault, Clinton Weaver Jr., Richard Dussault, Peter Lindsay and Mr. Zolin spoke in favor. Frank Nutting questioned along with Robert Keefe and Mr. Perreault answered. Paul Inderbitzen spoke in reference to the traffic study and the need for this construction. A voice vote on this article was in doubt so a division of the house was taken — YES 74 NO 34. **The article was adopted.** — \$55,000. For either extension of Cross St. or Oban Drive —

Article #29 — Mr. Caputo moved for its adoption and Mr. Malouin seconded this motion and the **article was adopted.** — Agreements for construction of animal shelter.

Article #30 — Shawn Jasper moved to indefinitely postpone this article and the motion was seconded by Joe Jacquet and the motion carried — **indefinitely postponed.**

Article #31 — Joe Jacquet moved for its adoption and Mr. Malouin seconded and the article was **unanimously adopted.** — 'To see if the Town will vote to authorize the Planning Board to prepare and amend a recommended program of municipal capital improvement projects in accordance with RSA 674:5, 6 and 7.'

Article #32 — Mr. Malouin moved for its adoption and Mr. Jacquet seconded. Sharlene Fast questioned and Mr. Lawrence and Mr. Malouin answered these questions and the **article was adopted**. — 'To see if the Town will vote to raise and appropriate \$48,000.00 to re-construct the intersection of Burns Hill Road and Pelham Road, and to also authorize the Selectmen to accept property from the School District for purposes of constructing this project.'

Article #33 — Shawn Jasper moved for its adoption and Joe Jacquet seconded this motion and the article **was unanimously adopted**. - \$3500. For spillway at Robinson Pond.

Article #34 — Joe Caputo moved its adoption and Clint Weaver Jr. seconded and the article **was unanimously adopted**. — Acceptance of streets—Greenfield Dr., Robo Dr., Industrial Dr., Park Ave.

Article #35 — Shawn Jasper Moved its adoption and Frank Nutting seconded and the article **was unanimously adopted**. — Adopt 1981 Life Safety Code #101

Article #36 — Shawn Jasper moved that the reading of this article be suspended as it is quite lengthy listing the Fire Prevention Code. Mr. Don Shepard seconded this motion and the reading was suspended. Mr. Shawn Jasper moved for its adoption and Frank Nutting and Clint Weaver Jr. seconded this motion. Frank Nutting after discussions about wording, he moved to postpone this article to the adjourned session of this town meeting. Leon Malouin seconded this motion and the **postponement carried unanimously**.

Article #37 — Don Shepard moved to indefinitely postpone this article and Paul Drew seconded. Don Shepard spoke against this article. Peter Lanzillo, Rep. Len Smith, Rep. George Arris, Joe Field, Fidelé Bernasconi and Rep. George Baker spoke against this postponement of this article as they were in favor of its adoption.

Mr. Paul Drew made the motion to move the previous question and this motion was seconded by Joe Caputo and the **question was moved unanimously**.

The postponement of Article #37 was lost. Rep. Leonard Smith moved for its adoption at this time and Frank Nutting seconded this motion. Rep. Len Smith amended by striking the entire article and inserting in its place: 'To send a message to the speaker of the house and the president of the Senate that they appoint a special committee to investigate the rate shock of Seabrook I and propose a solution to the 1985 session.' Rep. George Arris and Rep. John Lawrence both seconded this motion. Mr. Kenneth Clark spoke in favor of the amendment. Sharlene Fast questioned and Rep. Len Smith answered.

Mr. Paul Drew made the motion to move the previous question and Shawn Jasper seconded this motion and the question was moved unanimously.

Amendment to Article #37 was on the floor and the amendment carried.
Article #37 As Amended was adopted.

It was noted that Article #38, 39 and 40 were not recommended by the budget committee and were submitted by the selectmen, so by law could not come before the house.

Mr. Joseph Jacquet moved to reconsider all the articles except for Articles #1, #2 AND #36. Several members of the house second this motion. The motion for floor were Ed Roberts - Union Leader, and Joanne Goslin - Telegraph Publishing.

Mr. Joseph Jacquet moved that this meeting be adjourned to April 3, 1984 at 7:30 p.m. at the Hudson Memorial School, this motion was seconded by several and the motion carried.

The meeting adjourned at 6:20 p.m. until the recessed session on April 3, 1984 at Hudson Memorial School commencing at 7:30 p.m.

Noted — The moderator took a roll call of the State Representatives present at this meeting — Rep. Lawrence, Rep. Arris, Rep. Baker, Rep. Charbonneau and Rep. Smith were all present. Absent — Rep. Kashulines and Rep. Wagner.

Karen R. Wisnosky, Town Clerk

A true copy attest: Karen R. Wisnosky

Note — On March 22, 1984 at 9:42 a.m. the town clerk swore in Sandra LeVasseur as member of the Budget Committee, as she was out of the country until this date.

Adjourned Session

ANNUAL TOWN MEETING — APRIL 3, 1984

Hudson Memorial School

Moderator Richard E. Dolbec called the meeting to order at 7:35 p.m.

It was noted that press members who were non-residents present on the floor were Ed Roberts — Union Leader, and Joanne Goslin — Telegraph Publishing.

The order in which the articles were voted upon for reconsideration at the first session of the town meeting March 17, 1984— Article #2, #1, #36. This was the order that the articles were presented at this session.

Article #2 as amended — Ms. Doris Ducharme moved for its adoption and Jane Pfarner seconded this motion. Doris Ducharme spoke on this article as amended, as the amendment to this article was unanimously adopted at the first session. The amendment was to add to the end of the article as written the sentence — ‘The \$400,000.00 shall not be borrowed until matching funds in the amount of \$400,000.00 shall have been raised.’

Jane Pfarner, chairman of the Library Trustees, spoke on its adoption. Kenneth Briggs rose in opposition to this article and questioned the Trustees about where the other \$400,000. (matching amount of money) would come from. Jane Pfarner answered that there would be a fundraiser and to date they had one commitment of \$50,000.

Joseph Smith spoke against this article. It was noted that this article needed a 2 / 3 majority vote for adoption and to be voted upon for one hour as it was a bond issue. Len Smith clarified the bonding and fundraising process and spoke in favor. Charles Coughlin questioned as to the tax rate increase. Shawn Jasper spoke against the addition, but he would like to see another plan at a different location in town. Also, speaking in opposition was Mr. Joseph Field and Mr. Robert Netto. Gerry Casavant spoke in favor.

Doris Ducharme made the motion to move the previous question, seconded by Donald Shepard and the motion carried unanimously. The question was moved.

The voting on Article #2 as amended started at 8:17 p.m., using Ballot #1 YES / NO ballots, yellow in color. A short recess called while the votes were collected from the floor and the voting will remain for 1 hour.

At 8:23 p.m., Paul Inderbitzen offered a resolution — ‘Whereas, the State of New Hampshire is actively promoting the state as a favorable climate for business and industry to increase state revenue through the Business Profits Tax, and Whereas, The Hudson Planning Board supports the orderly expansion of commercial, industrial and residential development in the Town, and Whereas, New Hampshire’s cities and town have limited capabilities to correct

the resulting traffic congestion except through property taxations, and Whereas the Lowell Road Corridor (NH Route 3A) is already near or at capacity.

BE IT THEREFORE RESOLVED THAT: It is the position of this Town Meeting to demand that no additional roadway access permits be issued along the Lowell Road Corridor which would result in exceeding the capacity of the roadway, until such time that the Governor and State Legislature first recognize the impact on our quality of life and then proposes a constructive plan to deal with the impact.' Mr. Krebs seconded this motion. Phil Laurien spoke against this resolution as he believed it to be out of order. Mr. Bednar also spoke against this resolution.

Shawn Jasper moved to lay this resolution on the table, seconded by Francene Parkhurst. A 2 / 3 majority vote was needed to lay on the table. A voice vote was in doubt so a division of the house was taken — YES 317 NO 63 — The resolution was laid on the table.

Article #1 — Mr. Alfred Hogan moved for its adoption and Mr. Joe Jacquet seconded the motion. Al Hogan spoke giving specifics on the construction of the garage. He stated that the working and safety conditions at the present garage were deplorable. Mr. Kinville spoke against the adoption of the article.

Roberta Prokop questioned and Alfred Hogan answered. Al Hogan stated that the present roads in the Kimball Hill Road area were suitable to run over with the Town vehicles.

Doris Clark questioned as to why the garage could not be expanded at the present site. Al Hogan stated that there was not enough area. Joseph Smith and Mr. Bednar spoke against this article. Mr. Giguere and William Pointer spoke in favor.

Mr. Joseph Jaccquet made the motion to move the question. Donald Shepard seconded this motion. The question was moved unanimously.

At 8:55 p.m. voting started on Article #1. Ballot #2, YES / NO ballot used. 2 / 3 Majority vote was needed for passage and 1 hour for voting. A short recess was called while the votes were collected from the floor.

Abbott Rice offered a resolution at this time — 'Be It Resolved: That it be the intent of this town meeting to request that the Board of Selectmen establish a committee, consisting of five (5) non-town employees, to conduct a feasibility study and plans for construction and / or for rehabilitation of town buildings, said report to be completed for the 1985 town meeting.' Mr. Manganello seconded this resolution. Mr. Rice spoke on this motion. The reslution carried by voice vote.

Article #36 — Mr. Frank Nutting moved to suspend the reading of this article, as it was quite lengthy. Mr. John Abbott seconded this motion and the reading of the article was suspended by voice vote. Mr. Frank Nutting moved for its adoption and John Abbott seconded this motion. Frank Nutting moved to amend the article and John Abbott seconded this motion. The moderator read the amendment which changed the wording in sub-paragraphs a., b., c., d Frank Nutting spoke on the amendment and Dave Walsh questioned along with Joseph Smith and Frank Nutting answered these questions. The amendment carried. **Article #36 as amended was adopted** — ‘To see if the Town will vote to amend the Fire Prevention Code, previously adopted by the town, by removing the text of existing Section 14.4 (d) and replacing it with the following new text: d. Installation of Units: 1. A low-cost, rapid-response, automatic fire sprinkler system shall be approved by the Fire Department and installed in the following structures: a. New multi-family (three or more units) structures regardless of the form of ownership (ie: rental, condominium, town houses, etc.) and, b. New multi-unit (more than one) non-residential structures that are not required to have the regular commercial or industrial type sprinkler system installed in accordance with the Town adopted building code “NFPA 13” and, c. Existing structures undergoing such alterations or expansion that it increases the number of individual residential units to three or more or to a non-residential structure that changes its original use and / or increases the number of non-residential units to more than one. d. The ordinance shall apply only to structures existing or being constructed or altered that are located on a public or private municipal water system unless required by other ordinance or regulatory board of the Town. 2. The sprinkler system is to be installed in accordance with the NFPA Code #13D and may include use of polybutylene piping, all as approved by the Fire Department, and 3. The proposed sprinkler system as designed must be approved by the Fire Department prior to installation thereof, and 4. This amendment, or any part thereof, shall not supercede any other more stringent law, ordinance, code, regulations, etc. 5. This amendment is effective immediately upon adoption by Town Meeting.

Shawn Jasper moved that the voting on Article #2 as amended be closed. William Irwin seconded this motion and the motion carried. The polls closed at 9:21 p.m.

Roger Jette rose for a motion on a resolution — ‘Be it resolved that this Town Meeting direct the Board of Selectmen to hold the town meetings on a weekday evening instead of being held on Saturday.’ Mr. William Irwin seconded this motion and several others seconded also. The feeling expressed was that perhaps the attendance would be better if meetings were not held on Saturday as the attendance at this meeting was approximately 600 voters. The question on the adoption of this resolution by voice vote was in doubt.

A division of the house vote was taken on the resolution — YES 155 NO 87. The resolution was adopted. The moderator directed the town clerk to send a letter to the Board of Selectmen concerning the adoption of this resolution.

State of the ballot on Article #2 as amended given at 9:41 p.m. YES — 351 NO — 255 2 Abstentions. Total votes cast 608. A 2/3 majority vote was needed for passage as it was a bond issue. The votes needed were 407. **Article #2 as amended was lost.**

Mr. William Irwin asked at this time that the house move to reconsider the resolution previously offered by Paul Inderbitzen. Mr. Inderbitzen and Paul Madison seconded this motion. Mr. Irwin moved to remove this resolution from the table and the motion was seconded. A majority vote was needed to remove this article from the table. This motion was lost by voice vote.

A five minute recess was called at 9:50 p.m. and the meeting was called back to order at 9:57 p.m.

Linda Pellerin moved that the polls be closed on Article #1, seconded by Peter Prokop. The motion carried and the polls closed at 9:58 p.m.

State of the ballot on Article #1 — Yes—267 No—251 2 abstentions, total votes cast were 522. A 2/3 majority vote needed for passage was 348. **Article #1 was lost.**

Dr. Stanley Boska moved to adjourn this meeting, seconded by Robert Cote and several others. This meeting adjourned without day at 10:12 p.m.

Karen R. Wisnosky, Town Clerk

TOWN OF HUDSON

SPECIAL TOWN MEETING

Friday — October 21, 1983

Hudson Memorial School

Voting on two zoning referendum questions — Amendment 1 & 2 of the Town Zoning Ordinance, as written in the official warrant, opened at 9:00 a.m. with Moderator Richard Dolbec reading only the portion of the warrant pertaining to these two questions. The balance of the reading was dispensed with by those present until the opening of the business meeting at 7:30 p.m.

It was noted that Selectmen Leon Malouin and John Lawrence signed the warrant on October 3, 1983, but it was not signed by Selectman John Bednar. The entire warrant for this meeting was published in the local paper—Hudson News-on 10/7/83 and a week later a sample ballot was published on 10/14/83, which is required by state law.

At 7:07 p.m. Mr. George Arris moved that the polls remain open until the beginning of the business meeting. The motion was seconded by Raymond Smith and the motion carried.

At 7:30 p.m. Moderator Dolbec called the business meeting to order with the reading of the warrant and stated that the special meeting was approved by a court decree which declared an emergency situation in Hudson for expenditures needed.

At this time, Mr. Arris moved that the polls for voting on the two zoning questions remain open. This motion was seconded by Al Kashulines and the motion carried.

The moderator pointed out that there were some non-voters on the floor. He stated their names and had them stand to be identified. They were Joanne Goslin, a Telegraph reporter, Robert Perreault, Town Engineer along with his wife, Tom Sommers, engineer from the Costello firm who worked on the sewer project and Mr. Auguste Desjardins of 47 Melendy Road.

Article #1 — Mr. John Lawrence moved for its adoption and Mr. Malouin and Mr. Blanchard seconded the motion. Mr. Lawrence amended by removing the (.) after the word 'users' and to add the wording, 'on a basis to be determined at the March 1984 town meeting.' Mr. Malouin seconded the motion. Mr. Paul Madison questioned Selectman Lawrence on the amendment and then he spoke in favor of the amendment. Mr. Michael Stetson, Mr. Joe Field and Mr. Wristen spoke against the amendment. Margaret Erb questioned Mr. Lawrence and he spoke in length. Mr. Bednar moved to amend by striking the entire article and inserting the amount of '\$250,000.' for Frenette Drive and Bond Street.

A point of order was taken from Mr. Arris and Mr. Bernasconi as the majority of the house objected to this amendment at this time as an amendment was presently on the floor, so Mr. Bernasconi's motion to amend was not taken.

Mr. Ken Clark and Mr. David Walsh questioned and Selectman Lawrence yielded to the questions. Mr. Lawrence's amendment was on the floor at this time. Sharlene Fast questioned and Phil Laurien, Albert Kashulines and Michael Stetson spoke against the amendment. A voice vote was in doubt so a standing count was taken on this amendment— YES 51 NO 70. The amendment was lost.

Article#1 AS WRITTEN WAS ON THE FLOOR — Mr. Bednar amended by striking the entire article and inserting in its place — 'To see if the Town will raise and appropriate the sum not to exceed \$250,000. for the purpose of updating the engineering plans and constructing sewerage facilities at Frenette Drive and correcting the sewerage problem at Bond Street (the O'Meara residence), said sum to be raised by taxation and billed to the abutters for actual costs incurred on a front foot basis for a period of ten (10) years, **INTEREST FREE**. The cost of installing a drainage system at Frenette Drive shall be borne by the town. Further, that a committee of three (3) be formed composed of Philip Rodgers, Philip Laurien and Eleanora Cropley (of 6 Frenette Drive) to oversee the project costs, along with a representative of the N.H. water pollutions commission.' Mr. Kashulines seconded this motion. A point of order was taken from Michael Stetson, Mr. Lawrence and Mrs. Bernasconi, as they questioned whether this meeting was forewarned as the wording of the amendment has changed the article considerably. The moderator ruled that the amendment was in order. The moderator stated that he has always put his rulings before the floor for a vote.

Mr. Madison questioned Mr. Bednar and town engineer, Bob Perreault. Mr. Leonard Smith questioned Mr. Bednar and spoke against the amendment. Mrs. Eleanora Cropley spoke and at 8:55 p.m. discussion carried. Mr. Bernasconi questioned whether the front foot basis of repayment as stated in the amendment would jeopardize a pending court case relative to sewer users being charged by evaluation of property. Mr. Jacquet, Budget Committee chairman spoke against the amendment. Mr. Phil Laurien questioned the town engineer as to the sewer pipe construction presently at Frenette Drive, and he questioned Mr. Sommers from Costello firm (engineering) as to the costs. Mr. Sommers yielded. Mr. Kenneth Clark questioned. Selectman Lawrence, Mr. Stetson, Mr. Donald Dion, Priscilla Bernasconi and Shawn Jasper all spoke against the amendment.

Mrs. Sandra LeVasseur moved that the polls be closed on the voting on the two referendum questions. This motion seconded by Shawn Jasper and George Arris. The polls closed at 9:27 p.m. by a voice vote.

SPECIAL TOWN MEETING —October 21, 1983

Mrs. Margaret Erb questioned further and Mr. Henry Wristen spoke in favor of the amendment. Mr. John Lawrence spoke against the amendment as he believed that the article had been changed in its intent, as the people were not duly warned, for the payment for this project, by changing the wording removed the word 'users' and the town will now pick up the costs. Mr. Giguere questioned selectmen as to the maintenance and costs of the project. Mr. Bednar yielded to the questions.

Mr. Shawn Jasper made the motion to move the previous question and Mr. Kashulines and Mr. Don Shepard seconded this motion. A 2 / 3 majority vote has to be achieved to move the question but the vote carried unanimously. At 9:45 p.m. the amendment was on the floor for a vote and Mr. Bednar requested a secret ballot and at 9:50 p.m. the members of the house were put through the checklist to receive their white YES/NO ballot for voting on the amendment. Voting closed on this amendment at 10 p.m.

It was noted that the moderator had appointed George Arris and Kenneth Clark as constables for the evening.

A moment of silence was observed in memory of a resident, George Larocque who had served the youth of our community for many years as a director of Camp Sargeant and at the YMCA, as he passed away today. His wife serves as a member of the teaching staff at Memorial School.

A motion to table action on Article #1 as amended was taken at 10:05 p.m. from Mr. Lawrence, seconded by Fidele Bernasconi and the motion carried. Article #1 was tabled

Article #2 — Mr. Lawrence moved for its adoption and Mr. Stetson and Mr. Laurien second the motion. **This article was adopted unanimously.**

A motion to remove Article #1 as amended from the table was made and seconded and the article was removed from the table. Ballot vote on the amendment — YES 36 NO 79 The amendment was lost. Mr. Paul Madison amended the article as written by striking 'Melendy Road' and 'Ricky Drive' from the article and by changing the \$600,000'. In two places to '\$428,300.' Lorraine Madison and Don Shepard second this motion. Sharlene Fast questioned and Mr. Lawrence spoke in favor of the amendment. The amendment carried by a voice vote. Article #1 as amended to '428,300.' and eliminated '3' of the article was now on the floor.

Sharlene Fast amended further by striking all the streets in the article and leaving only 'Frenette Drive' and by changing the figure in two places to '\$290,800.' which included the 38,000 for bond costs as Mr. Lawrence clarified had to be included. Mr. Albert Kashulines seconded this motion. Sharlene Fast, Phil Rodgers and Margaret Erb questioned and Mr. Lawrence answered the questions. Mr. Nelson Dionne questioned and Mr. Bednar yielded. Mrs. Cropley of Frenette Drive spoke in favor of the amendment along with Fidele Bernasconi.

Karen Tassi questioned the engineering costs and the town engineer yielded. Mr. Wristen questioned as to what a resident engineer was. Town engineer Robert Perreault answered—an overseer of the entire project. Voice vote taken on the amendment to Article #1 and the amendment carried. Mr. Leonard Smith wanted to amend by adding at the end of the article 'on a basis to be determined at the March 1984 town meeting'. His amendment was not taken at this time as the moderator believed that the house was not in favor as they had voted this amendment down earlier in the meeting. Mr. Bednar moved that the '50,300' for drainage be striken from the amount of the article and the amount of money should be changed from '290,800.' to '202,500.' Mrs. Cropley seconded this motion. At 10:51 p.m., Leslie Erb, Ken Clark question and Mr. Bednar amended further by changing the amount to '252,800 with 50,300. for drainage absorbed by the town'. This motion was seconded by several. A voice vote on this amendment was in the negative and the amendment was lost. The moderator does not allow Mr. Len Smith's amendment to add 'on a basis to be determined at the 1984 meeting'. The ruling of the moderator was put to the house and a voice vote was in doubt. Standing vote on moderator's ruling. In favor of ruling 38, Against the ruling 61. The moderator's ruling was defeated.

Mr. Smith's amendment now on the floor as he moved to add; on a basis to be determined at the March 1984 town meeting' to the end of the article and several people second this motion and the amendment carried. Article #1 was amended to '290,800.' for engineering and adding Mr. Smith's amendment. The article as amended to be voted upon read— 'To see if the Town will vote to raise and appropriate the sum of \$290,800.00 for the purpose of engineering and constructing sewerage facilities at Frenette Drive, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$290,800.00 under, and in compliance with the provisions of the Municipal Finance Act (N.H. RSA 33:1 et seq., as amended); to authorize the Selectmen to issue and negotiate such bonds of notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiations, sale and delivery of such bonds and notes as shall be in the best interest of the Town of Hudson; and to allow the Selectmen to accept and expend for this purpose any monies as become available from State and Federal Government; and to take any other action relative thereto. Said sum to be paid for by the users on a basis to be determined at the March 1984 town meeting.'

Voting on this Article #1 as amended opened at 11:05 p.m. purple YES/NO ballots were used and the voters went through the checklist at this time and the polls shall remain open for 1 hour on this article as required for a bond issue.

The counting on the Zoning Referendum questions commenced at 11:19 p.m. Mr. Jacquet and Mr. Jasper were sworn in as special clerks to serve during the counting of ballots.

State of the ballot on referendum questions was given at 11:49 P.M.

Town & School Election

And

Republican State Primary — Senator Dist #14

March 13, 1984

The election was held at the Hudson Lions Club Hall. The moderator Richard E. Dolbec read the beginning of the town warrant relative to the voting.

A motion was made and seconded to dispense with the reading of the warrant until Saturday March 17th at the annual town meeting to be held at Hudson Memorial School commencing at 9:00 a.m.

Moderator Dolbec announced that a protest petition requiring a 2 / 3 majority vote for passage on Amendments #18 and #19 was received on 3/5/84. Selectman Chairman Leon F. Malouin certified that the protest petition was validated and accepted.

Moderator Dolbec read RSA 658:24 relative to disqualifications of election officials. He stated that the town clerk and school district clerk could serve in their official elective positions under this chapter.

At 7:00 a.m., the polls were declared open for voting by the moderator.

Absentee ballots were processed at 3:00 p.m. as posted. There were (111) absentee ballots cast. 5 absentee ballots were not accepted, 1 affidavit was not signed, 3 signatures were different than on the applications, and 1 person voted in person.

At 7:00 p.m., Mr. Norwood Keeney Jr. moved that the closing of the polls be extended 15 minutes. Mr. Lionel Boucher seconded this motion and the motion carried. At this time Deputy Town Clerk Karen Burnell served throughout the counting of the ballots replacing town clerk Karen R. Wisnosky, as her name appeared on the ballot.

At 7:15 p.m., Mr. Shawn Jasper made the motion that the polls remain open until 7:30 p.m. Mr. Robert Cote seconded this motion and the motion carried. At 7:30 p.m., Mr. Caputo moved that the polls be closed after those voters in the polling area had cast their ballots. Mr. George Arris seconded this motion and the motion carried. Two more people entered the hall wishing to vote as they had called and were told that the polls would remain open until they got there. Rhona Charbonneau moved that the polls be opened to permit these two voters to cast their ballots and Mr. Caputo seconded this motion and the motion carried.

Moderator Dolbec announced that the polls were officially closed at 7:45 p.m.

The state of the ballot for the Republican Primary for Senator of District #14 was given at 9:15 p.m.

William Paul Boucher	113
Rhona Charbonneau	438
Leonard Smith	490

Total ballots cast for senator — 1076. There were 33 blank Republican ballots, 1 void and 1 write-in for Paul Bergeron.

The state of the ballot for town and school officers was given at 11:00 p.m. as follows.

At 11:15 p.m., Moderator Dolbec swore in Francene Parkhurst — 1 year term selectman, Shawn Jasper and Ann Seabury — 3 year term selectmen. He swore in Norwood Keeney Jr. as checklist supervisor, Robert Cote and Barbara Tellinghuisen as school board members, Joan Wagner — 3 year budget committee, William Irwin— 1 year term budget committee, Darrell Wagner and Sandra Blanchard as charter commission member and Karen R. Wisnosky as town clerk / tax collector and school district treasurer. Ann Seabury was also sworn in as school district clerk.

It is noted that on 3/15/84 at 10:00 a.m., town clerk swore in Doris R. Ducharme as member of charter commission and on 3/16/84 swore in Ralph S. Pearce as Trustee of the Trust Funds.

QUESTIONS TO BE VOTED UPON

REFERENDUM QUESTION

1. Shall a charter commission be established for the purpose of revising the municipal charter or establishing a new municipal charter?

Yes
1451

No
773

ZONING REFERENDUM QUESTIONS

1. Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Yes 1315 No 946

Description:

The proposed amendment would amend parts of the Wetland Ordinance Article 1, Section 7.0 as recommended by the conservation Commission to:
1. clarify permitted construction activity within or near a wetland.
2. delete as mandatory the Health Officer's input on special exception requests.

2. Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes 1460 No 681

Description:

The proposed amendment would delete paragraph (b) and (c) from Article 1, Section 6.0 concerning gravel and pit operations since these have been assigned to the Subdivision Regulations by RSA 155-E.

3. Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes 1571 No 561

Description:

The proposed amendment would replace Article VIII (Town Planning Board) to conform to the new RSA's.

4. Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes 1539 No 555

Description:

The proposed amendment would replace Article XI (Board of Adjustment) to conform to the new RSAs.

5. Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Yes 1292 No 841

Description:

The proposed amendment would replace Article V (off street parking) and place parking requirements in the Non-Residential Site Plan Review Regulations.

6. Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes
1313

No
880

Description:

The proposed amendment would amend the Sign Ordinance (Article IV, Sections 6.3a and 7.3) to permit each parcel of land to have one pole sign instead of each building.

7. Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes
1272

No
870

Description:

The proposed amendment would amend the definition of "street" (Article IX, Section 1.0 (cc) to "Highway" as defined in RSA 229:1 and to classify Town Highways as defined in the Master Plan;

and to amend the definition of "Lot Line, Front" (Article IX, Section 1.0 (r) so that on corner lots both lot lines shall be front lines for purposes of building setback;

and to amend Article 1, Section 4.0 (c) setting minimum setbacks for residential and non-residential buildings in the A-1 and A-2 Zones at 50 feet and 30 feet depending on Highway classification and setting the minimum lot size and frontage the same as for a single family home;

and to amend Article 1, Section 5.0 (b) setting the minimum setback for residential and non-residential buildings in the B-1, B-2, C, and D Zones at 50 feet and 30 feet depending on Highway classification and setting the minimum lot size and frontage the same as for a single family home.

8. Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes
1311

No
892

Description:

The proposed amendment would amend Article X, Section 1.0 and 5.0 to give the Selectmen the authority to enforce the Zoning Ordinance and permit them to appoint a Zoning Administrator and a Building Inspector to perform the duties of enforcing the Zoning Ordinance and Building Code.

9. Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes
1438

No
692

Description:

The proposed amendment would amend the definition of "Home Occupation" In Article IX, Section 1.0 (m) to reference the requirements In Article1, Section 8.0;

and to amend Article III, Section (d) (11) (Table of Use) by Inserting "Home Occupation" as a permitted use in all Zones.

10. Are you in favor of the adoption of amendment #10 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes 1157 No 1042

Description:

The proposed amendment would rezone from Rural (D) to Business (B-2) some lots in the vicinity of R102, West Road and Robinson Road.

11. Are you in favor of the adoption of amendment #11 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes 1215 No 983

Description:

The proposed amendment would rezone from Rural (D) to Industrial (C) lots along West Road and South on Route 102.

12. Are you in favor of the adoption of amendment #12 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes 1512 No 731

Description:

The proposed amendment would rezone from Rural (D) to Industrial (C) the Sanders Industrial Park on River Road.

13. Are you in favor of the adoption of amendment #13 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes 1117 No 1028

Description:

The proposed amendment would remove "Miscellaneous Business Offices and Professional Service" as permitted uses in the A-1 and A-2 zones (Article III, Section d (10).

14. Are you in favor of the adoption of amendment #14 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes 1697 No 438

Description:

The proposed amendment would remove working from Article III, Section b (2) and Article X, Section 3.0 (e) that has been determined to be illegal under State Statutes.

15. Are you in favor of the adoption of amendment #15 as proposed by the Planning Board for the Town Zoning Ordinance as follows?
(Approved by the Planning Board)

Yes 1436 No 737

Description:

The proposed amendment would replace working in Article I, Section 8.0 (Home Occupations) to clarify the criteria under which the Zoning Board of Adjustment may grant a special exception for a Home Occupation and to specify that a Home Occupation may only be conducted by the residents of the dwelling.

16. Are you in favor of the adoption of amendment #16 as proposed by Petition of the voters of this Town?

Yes 975 No 1219

Description:

The proposed amendment would rezone from Residential (A—1) to Business (B—2) the east side of Derry Street, 200 feet from the centerline of Derry Street, from the power lines to the cemetery property across from Grand Avenue and including all of the Alexanders / McDonalds lot.
(Disapproved by the Planning Board)

17. Are you in favor of the adoption of amendment #17 as proposed by Petition of the voters of this Town?

Yes 897 No 1298

Description:

The proposed amendment would rezone from Industrial (C) to Business (B—2), the lots along the West Side of Lowell Road from Executive Drive South to Sagamore Park Road.
(Disapproved by the Planning Board)

18. Are you in favor of the adoption of amendment #18 as proposed by Petition of the voters of this Town?

Yes 680 No 1602

Description:

The proposed amendment would rezone from Residential (A-1) to Business (B-1) a portion of lot 149 of Map 45 to the rear of Cumberland Farms on Birch Street.
(Disapproved by the Planning Board)

19. Are you in favor of the adoption of amendment #19 as proposed by
Petition of the voters of this Town?
2/3 Majority vote needed for passage
Article is lost.

Yes
1328

No
1017

Description:

The proposed amendment would delete as permitted users in the Rural (D) zone most of the Commercial and all of the industrial uses in Article III, Section (d) and (e) (Table of Use).

(Approved by the Planning Board)

PRESIDENTIAL PRIMARY

February 28, 1984

Moderator Richard E. Dolbec declared the polls open at 7:00 a.m. to vote in the Presidential Primary and to vote of Delegates to the Constitutional Convention for District #19 and #21.

At 3:00 p.m., the absentee ballots were processed as posted. There were 96 absentee ballots cast.

At 7:00 p.m., Leon Malouin moved that the polls remain open until 7:15 p.m. Mr. James Hetzer seconded the motion and the motion carried.

At 7:15 p.m., Mr. Malouin made the motion to close the polls and Mr. Hetzer seconded the motion and the motion carried. The polls closed at 7:16 p.m.

The Democratic Primary results were given at 9:30 p.m. and the Republican Primary results were given at 10:10 p.m.

* The Election results are as follows:

SENATE DISTRICT #14
SPECIAL ELECTION — APRIL 17, 1984

This election was held at Hudson Lions hall with the polls remaining open from 7:00 a.m. to 7:00 p.m.

Moderator Richard E. Dolbec read the precept signed by Governor John Sununu ordering this special election to fill the vacancy in Senate District #14. (Hudson—Litchfield—Pelham—Londonderry) He declared the polls open at 7:00 a.m.

The absentee ballots were to be processed beginning at 3:00 p.m. as posted by moderator, but at 4:00 p.m. the ballots were processed. There were 25 ballots returned by 5:00 p.m. the evening before this election. Three military ballots were received during this election day which were counted. Two absentee ballots were not processed as the affidavits were not signed.

Ten of the official ballots were used as SAMPLE Ballots and were posted at the polling place. The moderator received 1990 official ballots.

At 7:00 p.m., Norwood Keeney Jr. moved that the polls be closed, seconded by Sandra LeVasseur. The motion carried by voice vote and the polls closed at 7:01 p.m.

The state of the ballot was given at 8:00 p.m.

SELECTMEN'S REPORT

FISCAL YEAR 1984

Fiscal Year 1984 was a year of many changes for Hudson.

The creation of a five—person Board of Selectmen has presented a real challenge to its members. Balancing the Board's collective determination to serve the Town's best interests and the often times differing individual opinions of Board members has not been easy. Overall, however, your Board of Selectmen has been successful in addressing this challenge -- a notable instance being the settlement of Part 2 of the Seaward case. Board members came together over this highly—controversial issue and worked out an agreement resulting in several important benefits to the Town. Repairs to the hydraulic flow of the system have been made, along with repairs of defects affecting the manhole structures. In addition, the Town will receive a \$75,000 piece of sewer cleaning equipment as part of the settlement.

Fire Chief Frank Nutting's retirement was a major change for both the Fire Department and the Town. Serving the Department for over forty years, first as a volunteer and later as the Town's first full—time Chief, he oversaw the creation of our full—time Department, our ambulance service, and the building of all three of our Fire Stations. This, in addition to twenty—one years' service as a Selectman, certainly makes Frank Nutting a person of whom we can all be proud and to whom we owe a dept of gratitude.

In spite of the fact that controversy is no stranger in the Town of Hudson, we can all take pride in being part of this unique community where so many citizens perceive good citizenship as active participation in service to the Town, and who translate that perception into personal action. Knowing that volunteer participation does not always receive the recognition it deserves, I would like to take this opportunity to extend a heartfelt thank you to the members of Town Boards, Commissions, special committees, and countless other individuals without whose efforts the Town would be unable to function.

Finally, a word of appreciation to another very dedicated group of people whose efforts seldom receive proper recognition -- Town employees. A sincere thank you to all of them for the achievements of the past year.

Respectfully submitted,

Shawn N. Jasper
Chairman
Hudson Board of Selectmen

Lowell Road/River Road/Dracut Road Intersection Project. A design contract was awarded to Vanasee/Hangen Associates, Inc. by the Town, enabling the NHDPW&H to program construction funds for 1986. The State conducted an Officials Meeting and a Public Informational Meeting on this project in 1985.

Lowell Road Reconstruction between Dracut Road and Sagamore Bridge Road. Engineering proposal requested and received, but not processed, as NHDPW&H has not programmed construction funds.

Lowell Road/Sagamore Bridge Road Intersection Project. A design contract was awarded to Vanasee/Hangen Associates, Inc. by the Town, enabling the NHDPW&H to program construction funds for 1985.

Lowell Road Signalization Project at Wason Road and Flagstone Drive. An engineering contract has been executed between the Town and Vanasee/Hangen Associates, Inc. to update the signalization plans previously prepared by DeMoulas Supermarkets for the Town. The engineering firm will also provide inspection and administration services for construction presently slated for 1985.

River Road/Chalifoux Road Project. The construction of this intersection has been delayed due to the priorities of other Town projects and the fact that two site plan proposals adjacent to the intersection are now under Planning Board review.

Attention was given to the Wildwood Terrace subdivision, which the Planning Board had deemed to be in default. Engineering Analysis of sub-surface drainage concerns was performed by Goldberg-Zoino Associates, Inc. using funds from the bond. The Road Agent has begun corrective construction repairs.

Winding Hollow Road Construction. Construction has been completed on this project, which was long ago deemed in default by the Planning Board.

The 1983 Townwide Paving project was completed in the Spring of 1984 with the paving of Derry Lane, which had been suspended from the contract previously.

The Town once again had a townwide paving project in 1984, with contract specifications being prepared by this office.

The Sewer Project

Regarding the status of the 12/82 - 6/83 sewer trial on Part I of the case, my comments remain unchanged from my 1983 report and the Town still awaits a decision by the Judge. As to Part II of the case, which is generally described as the "final inspection" aspects of the project for Contracts 1, 2, and 3, depositions were in progress in early 1984 anticipating a June trial. The June date was postponed to the fall, when the State (NHWS&PCC), at long last, made statements supportive of the Town's final inspection report. As a result, all parties decided to settle Part II of the case out of court. This office has no comment on the overall fruitfulness of that decision by the majority of the Selectmen.

Contract 5 guarantee periods for the most part expired in 1984, although work remains associated with the pump station.

A Facilities Plan hearing was held and the precepts of the final plan are now under consideration by the Board of Selectmen and the Planning Board.

Contract 6 (Frenette Drive) construction was awarded to low bidder Dumont-Wood Construction Co. and sewer construction was completed by the end of 1984. The project was not without obstacles, however, as asbestos related issues interfered with timely construction of the drainage aspects of the project, thus requiring re-design of necessary drainage and delaying drainage construction until 1985. Coordination with the State and the Manville Corp. regarding asbestos took an appreciable amount of time.

Administration of contract matters pertaining to sewer projects approved at the March 1984 Town Meeting was begun by the end of the year.

It was also necessary to participate in negotiations with the NHDPW&H, NHWS&PCC and FHWA regarding funding aspects of the relocation of the Lowell Road Pumping Station as part of the Central Street Reconstruction Project.

Solid Waste

Following the March 1984 vote of Town Meeting pertaining to the landfill, the Town retained Goldberg-Zoino Associates, Inc. to perform additional hydrogeologic study regarding off-site issues and an engineering assessment for remedial recommendations. By the end of the year, that work was being completed.

Additionally, the Town retained Metcalf and Eddy, Inc. to update their February 1982 study as it pertained to cost-benefit analysis of alternatives and to assist the Town in other negotiations.

During 1984, Consumat Systems, Inc. became interested in siting a waste-to-energy facility on or near the present landfill site. The proposal does not require Hudson waste volumes. At this time a Hudson-Consumat agreement is a possibility.

Several times during 1984, the Solid Waste Study Committee has met with this office and the consultants to provide valuable recommendations formation of policies and projects to be submitted to the March 1985 Town Meeting.

Subdivisions

Here they come! It was only a matter of time before the housing needs associated with Hudson's unprecedented commercial and industrial growth of the early 1980's (and still continuing) was to demonstrate its presence in the form of additional subdivision lots--and 1984 became the year in which that impact clearly presented itself. Among the new proposals identified in 1984 were: the final phase of the Whip-Poor-Will Estates, the proposal to develop the Whip-Poor-Will golf course site into 165 building lots, 109 lots in the Granite Hills Subdivision at the end of Ledge Road, 68 lots in the Briaroaks subdivision located near Sullivan Road, 127 lots in Phase I and II of the Barretts Hill subdivision, and about 100 units in the mobile home proposal off Old Derry Road. These larger proposals, in conjunction with several smaller projects, are requiring the Planning Board to look at the development proposals in logical groupings.

REPORT OF THE TOWN ENGINEER

Calendar year 1984 proved to be not only a very active year, it actually was the busiest since my inception as your Town Engineer some seven years ago.

The Circumferential Highway

The news pertaining to the Circumferential Highway proposal was both bad and good in that order, fortunately. The corridor hearing originally scheduled for June and July 1984 did not materialize and through the diligence of the Planning Board, Town officials were able to discover that the draft environmental impact statement at that time contained deficiencies serious enough to delay the corridor hearing. As a result of subsequent discussions, Commissioner John Clements of the NHDPW&H announced that the project would be re-programmed into a combined corridor/design hearing mode, thus resulting in an expedited overall timetable through the corridor and the design hearings. That new timetable remains on track as of this writing with the combined hearing scheduled for February 1985. Thereafter, assuming a successful layout decision, efforts can be concentrated on funding aspects, with the State officials obviously looking towards Washington, D.C. for such assistance.

Other Highway Projects

In addition to the above, the following highway projects were of concern in 1984:

Burns Hill Road Intersection Project at Pelham Road. Developer's engineer has continued work on the plans and specifications, which are now under review.

Central Street Reconstruction, including intersections at Burnham Road and Lowell Road. The NHDPW&H activity concentrated on right-of-way acquisitions and coordination with this office on the issues surrounding the need to relocate the Lowell Road Sewer Pumping Station. Advertising of the project is now scheduled for the Fall of 1985.

Cross Street or Oban Drive Extension. Project remained on hold until Lowell Road/River Road Corridor Study was completed.

Derry Street Reconstruction (between Ledge Road and Grand Avenue), including signalization at Highland Street. Proposals for engineering services have been requested. Construction of this project is ambitiously scheduled for the Summer of 1985, provided other project priorities do not supersede this project.

Lowell Road/River Road Corridor Study. This study was accelerated from its original schedule when it became apparent to this office and the Planning Board that commercial and industrial site plan proposals along the entire corridor were reaching epic proportions. The study was funded through the escrow account previously established by Sanders Associates. To be finalized in 1985, the study will enable the Town to understand the growth implications of traffic on a specific regional corridor (NH Route 3A).

Site Plans

Major industrial and commercial proposals continued to be received by the Planning Board, notably throughout the Lowell Road/River Road corridor as well as the NH Route 102 corridor. Responding to the dramatic growth pressures along NH Route 3A south of NH Route 111, the Planning Board insisted on the preparation of a regional-type corridor study regarding future traffic impacts. A less intensive study was also performed to address the NH Route 102 needs east of West Road as those properties became commercially subdivided. The ability of the Town to adequately control the impacts on Town Facilities became an issue that expanded into regional concerns, now being addressed through legislative proposals from local representatives and regional planning commissions.

Personnel

Mr. Denis Boisvert continued as the Civil Engineer and his individual report is contained elsewhere in this annual report.

In June 1984, the Board of Selectmen reorganized this department, without any discussion with the Town Engineer, and returned supervision of the Building Inspector directly to the Board of Selectmen.

Mrs. Vilma Ratte' continued as the draftsman. Increasingly other Boards and departments are recognizing her usefulness as a graphic resource person.

The secretary/receptionist position was vacated by Mrs. Vanenburg, who made a career change. Her replacement Ms. Pamela Knoop, has filled the position with above-average capabilities and has quickly established her ability to coordinate administrative matters between this office and the Town boards and other departments.

The summer intern positions was filled by Mr. Eric Weinrieb.

Miscellaneous

The Town Engineer continued to serve as a member of the Technical Advisory Committee of the Nashua Regional Planning Committee. Also, there was significant interface with the Town's Solid Waste Committee.

Regarding outside professional activity, the Town Engineer ended his term as Chairman of the NH Municipal Council and was also elected to a 3-year term as national director of the American Society of Civil Engineers, representing the 5,500 civil engineers throughout New England.

The Civil Engineer was active with the Younger Members Committee of the NH Section of the civil engineering society.

Commentary

Special recognition is again due Planning Board Chairman Paul Inderbitzen whose increasingly greater contributions of his time at Town Hall has been beneficial in attempting to stay ahead of the Board's administrative demands.

And, as has been customary, special thanks and praise are afforded to my staff of Civil Engineer Denis Boisvert, Draftsperson Vilma Ratté' and Secretary/Receptionist Pamela Knoop. Without their diligence and professional efforts, the integrity of my office could not sustain the high level of accomplishment that it presently achieves. The Town can be proud of their contributions.

In closing, this report is obliged to comment on Selectman John Lawrence's decision to end his present tenure with the Board of Selectmen. Having served under John's leadership for nearly six years has been a sincere pleasure. Without hesitation, there is no individual that I know who has had a greater loyalty to the Town or contributed greater service.

Very truly yours,

Robert A. Perreault, Jr., P.E.
Town Engineer

REPORT OF THE CIVIL ENGINEER

ROADWAY CONSTRUCTION

Roadway construction was active in 1984. Three new street projects were begun and work continued on five others. All but one of these involved residential development. Coupled with new housing built on existing streets, 64 driveway permits were issued.

Assisting me with driveway inspections as well as engineering reviews and quantity estimates was Eric Wienreib. Eric is an engineering student at UNH who worked in the Town Engineer's Office during the month of August.

PLANNING

Residential subdivision applications have increased both in size and in number this past year. This has resulted in added workload in the engineering review phase of the approval process. A very busy construction season is expected for 1985.

CONSERVATION

Proposed development in and near wetlands has created the need for numerous field investigations to define soil boundaries and assess the impacts of that development on our wetland areas. As staff representative to the Conservation Commission, I visited the sites with a soil scientist from the Department of Agriculture who supplies his expertise to the Planning and Zoning Boards through the County Conservation District. This process is repeated more frequently as the "easily" developed land disappears.

MERRILL PARK

Improvements have finally begun at the riverfront property along Maple Avenue. Bids were requested in the fall to construct fencing to protect the abutting properties and to protect young parkgoers from the steep riverbank. The plans also included guard railing to prevent vehicular travel within the park. Construction occurred in December by Standard Fence Co. of Manchester.

ROBINSON POND

Preparations have continued for the construction of a spillway at the outlet of Robinson Pond. Work is on schedule with the design being done in December. Approval from the State Legislature will be requested during the 1985 session.

Respectfully Submitted,

Denis M. Boisvert, P.E.
Civil Engineer

RECYCLING CENTER

The Hudson Recycling Center has continued at the Town landfill throughout its second year as a one man, part—time, low budget operation. The items collected and marketed are papers, oil, and glass separated by color. The participation by the public has been steady, although still a small fraction of the total population. The main success of the program has been to show that **recycling works**. The materials that come in also go back out (unlike the landfill). The recycling area is as clean or cleaner than it was two years ago at its beginning (unlike the landfill).

This recycling program began in July, 1982 with a \$20,000 budget. This was a portion of a warrant article passed at the 1981 Town Meeting. (The bulk of the money from this article was diverted by warrant article at the 1983 Town Meeting to begin to study ground water pollution by the landfill.) Purchase of a step—van was approved, but capital building was rejected (largely due to uncertainties surrounding the landfill). As a consequence, the original \$20,000 has allowed for operation of the center to continue through its second year and into the third with no further budget allocations. It is time now for the direction of recycling to be integrated with the total solid waste management system that will replace the current landfill. The basic decision for the people to make is “WILL WE SUPPORT A MANDATORY RECYCLING ORDINANCE?”

Following are the expense and income records for the fiscal year. In addition to what appears in the charts, the library has collected about 1,000 pounds of aluminum at the recycling center this year, contributing over \$200 to its building fund. There were also 200 barrels of glass (worth \$100) which were never paid for when the previous glass market went out of business.

The Town has also supported, by membership dues, the New Hampshire Resource Recovery Association (NHRRA), which is a state—wide, quasi—municipal, non—profit organization which has made great strides in helping towns to reduce the risks associated with recycling.

TO THOSE WHO HAVE PARTICIPATED — THANK YOU. You've made it work.

BUILDING / ZONING DEPARTMENT

To The Honorable Board of Selectmen and the Residents of the Town of Hudson:

This year has seen a complete revamping of the Building Department in respect to staff, procedure, and title.

The Department is now the Building / Zoning Department. It handles all applications for any construction within the corporate limits of the Town. With the creation of my position, along with placing some of the health officer's duties within this Department, there has been a noted increase in the Department's workload.

We have requested a full time secretary and a full time assistant building inspector to enable us to handle the enormous amount of paperwork and field inspections necessary to successfully and expediently handle all applications.

It is obvious to us that there has been a marked increase in the number of new lots created over last year's figures. Each new lot will require many hours of this Department's time in research and processing. It is obvious to us that due to the increase in the growth rate, the additional pressure and demands on all of the various land use boards will result in additional court challenges, which we will also have to address. I believe the preceding information more than justifies the additional staffing we are requesting.

Presently we are planning to increase the existing permit fee in order to bring our fee more in line with some surrounding communities. By doing this, we feel the Department will remain self—supportive even with additional staffing.

It appears that there has been a slight decrease in single family construction but a marked increase in townhouse and apartment complex construction this year. Translated, this means that property owners are expecting to enjoy the most productive use of their land.

The following is a breakdown of permits issued by this Department:

Single Family Homes.....	87
Two Family Homes.....	24
Four Unit Townhouse Buildings.....	1
Eight Unit Townhouse Buildings.....	27
Twelve Unit Apartment Buildings.....	1
Sixteen Unit Apartment Buildings.....	3
Mobile Homes.....	10

Dick and I wish to express a sincere thanks to the Board of Selectmen, Planning Board, Zoning Board of Adjustment, and Engineering office for their valuable assistance. A special thanks goes out to the citizens who deal with this Department for their patience and understanding.

Dennis J. Lafoe
Zoning Administrator

Richard E. Millard
Building Inspector

POLICE CHIEF'S REPORT

In retrospect, 1984 was a rewarding year, one that culminated in our department achieving many of the goals that were set.

We are proud of our achievements this last year. Reported crimes have dropped and our clearance rate for Part I crimes have exceeded the national average. Many miles were patrolled and thousands of calls for police service were acted upon and brought to a peaceful conclusion.

Burglaries are down 35% as of October 31, 1984. The reasons are many: active CB patrols, aggressive proactive police patrols, alert citizens, neighborhood watch programs, citizen contact program, whatever the reasons, we have achieved our goal of reducing burglaries 8—10 % for 1984.

Our Youth Officer program has completed its first year and has been successful. It has brought the Hudson Police Department and the town's youth closer together.

A new program, Juvenile Diversion Program became a reality. Hudson youths who were involved in minor incidents were no longer brought before the District Court. All such incidents were brought before a local group of citizen volunteers. I am proud of this group of dedicated individuals and wish them continued success in the years ahead.

We hired our first professional prosecutor (an attorney) who has taken over all prosecutions for offenses that go before the District Court. This has allowed the Detective Division to devote all of their time to the investigative process. In addition, cases that were lost in previous years are being won on the District Court level.

As Hudson continues to see a proliferation in its population as well as business and commercial growth, calls for service has also increased. To provide for effective services, additional personnel will be required in the near future.

Our efforts to make the Hudson Police Department operate in a professional manner has been accomplished. With continued training programs we will continue to upgrade the quality of police services and attempt to make Hudson one of the most desirable communities in New England.

It's been a pleasure to serve as your Police Chief these past two years. I look forward to serving you in the coming years and providing you with the type of Police Department you desire. By working together we can only enhance the quality of life here in Hudson.

I wish to express my sincere thanks to all Town officials, fellow employees, Hudson's Finest, and most of all, you the people who have helped us make 1984 a success.

Sincerely,
Chief William Blake

ANIMAL CONTROL REPORT

FY 1983—1984

Effective July 1, 1984, Animal Control became a division of the Police Department. This was necessitated because of the technical support function given to Animal Control when that department was a separate entity. This would include areas such as handling telephone complaints, service requests, on location assistance, i.e., court orders, taking custody of animals and disturbance calls in reference to Animal Control function, and, last but not least, case preparation and court presentation of violators.

As of this writing, we have two full—time Animal Control Officers. They provide the town with seven days a week coverage from 8:00 a.m. to 6:00 p.m. for three days and 8:00 a.m. to 4:00 p.m. for four days.

Both of our Animal Control Officers have deep feelings on the harsh position of "euthanasia" (putting healthy, adoptable animals to sleep). Hopefully, during this current year, we may be able to assist our citizens and the citizens of our neighboring towns on not only adopting fine healthy animals, but to bring forth programs that are available in order to maintain your pets' health and care needs.

Come spring of "85", our new Animal Control Shelter should become a reality. Currently, the shelter has been receiving donations from local residents and businesses to help defray the cost. The estimated figure needed is in the area of one hundred twenty thousand dollars (120,000). Wish us luck!

Statistical data provided below is for fiscal year 1983—1984.

Respectfully,
Lt. E. Palladino
Animal Control Officers
Leslie Cooper
Kathy Trimpop

FIRE DEPARTMENT REPORT

The one word that best describes the 1983—84 fiscal year is "Growth".

Personnel

The rise in commercial, industrial, and multi—family building has put increasing pressure on available manpower. Construction plans for Group II buildings must be approved as to Life Safety Codes, Sprinkler Systems, Fire Alarms, Exits and Final Occupancy Restrictions. Residential units also have to be inspected for Smoke Detectors, Wood Stoves, Oil Burners, Incinerators, Day Care, Foster Homes, Occupancy Permits, etc. This has required the assignment of the Deputy to almost full time review of site and building plans as well as considerable time of the Duty Officer.

This past year the State Emergency Medical Services revised their training requirement standards. To remain current, our Firefighter / EMT's spent a great deal of time meeting these requirements. This training added to the daily maintenance of vehicles and buildings left very little time for other training programs such as physical fitness.

One might say that we are operating "on borrowed time". As it stands now if one man is on vacation, another out sick, a third must remain in the station to answer phones, leaving an immediate response crew of only two — presenting a potentially life—threatening situation. The call personnel are excellent and for many years to come will be an essential part of the Fire Department, but it must be remembered that they have to earn a living and maintain a home life.

Recommendations

The addition of one more Firefighter / EMT to bring to a total of six including officers on each shift. The number of Firefighter / EMT's should also be increased every three years or so depending on growth, number of calls, and availability of call personnel.

Part—time dispatching from 6 pm until 11 pm is badly needed. This should be part time help, each working only two or three nights a week, and where benefits are not a problem this would be less expensive than overtime call—in help.

A full—time mechanic should be hired to do maintenance and act as a spare equipment operator. With about one million dollars in replacement cost of vehicles, a scheduled preventive maintenance is very essential to cut breakdown time and expense. Our present work load is making our maintenance program almost non—existent.

Equipment

The amount of mobile equipment is adequate and the need to expand looks quite a few years away. Replacement of existing major pieces should be around 1992—93 unless something unusual happens. The 1957 Tanker of Burns Hill and the 1964 Tanker at Robinson Road, however, should be replaced prior to 1992—93. The cost of a tanker is almost ½ that of a pumper.

Recent Improvements

Hopefully by the time this report is out we will have Tanker 1 and the new doors at Robinson Road station repaired. The roof at Central, the new car, new ambulance and the EMS radio system are in service. The Residential Quick Response Sprinkler System voted on last Town Meeting should be very effective in keeping fire loss and major fire build—up to a minimum.

Our budget was over—extended in two areas. An oil line broke on the 1957 Tanker while it was enroute to a fire call. The tanker required the replacement of a used engine (approx. \$3500). The revision of the EMS program by the State cost \$3000 more than budgeted. This could not be prevented unless we gave up the Ambulance service.

One major problem unresolved is repair of the rust on Engine—4 at Burns hill. This unit is approx. seven years old and the estimate on rust repair is almost \$7000. This must be given serious consideration in the upcoming budget.

The department as a whole extends its thanks to the Town Officials, Budget Committee, Business Administrator, and the voters at the Town Meeting for the salary adjustment and other considerations.

FISCAL REPORT

This being my last report as I retire October 5, 1984 I want to sincerely thank you, the resident and voter the Town Officials and employees for their patience, understanding, cooperation and assistance given me and the department over the past many years.

It is hard to find words that could fully express my thanks and appreciation to the present and past officers and members of the Fire Department along with their families for their help, complete devotion and giving of themselves to make this department at such a high level of service in the Ambulance and Fire related duties we perform.

Finally please continue this support to the incoming Chief, Officers and department personnel. The continued growth of the Town will increase the problems and your help and assistance will be needed more and more each year.

Frank A. Nutting Chief

REPORT OF THE TOWN FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town / city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

REPORT OF THE ROAD AGENT

The Town Highway Department is pleased, as well as proud, to say there doesn't appear to be any major problems with the Lowell Road widening project at this time. As everyone can see this was a very extensive project at minimal cost to the Town. The design and construction of the entire project originated within the Highway Dept. and was coordinated with the Selectmen.

We at the department would like to express our appreciation to all the businesses and residents who have been caused inconvenience due to the widening and have endured without complaining.

It does need to be understood that very little drainage is existing on Lowell Road and with the third lane being added some new drainage problems are anticipated. It is our belief the third lane will only be a short term solution to the traffic problems on Lowell Road and within five to eight years the Town will need to construct a five lane corridor. The three lane widening has only allowed us some additional time to start saving money towards what we feel will be a multimillion dollar project in the near future.

It is sincerest hope of this department that the monies voted at the 1978 Town Meeting for the Derry Street widening will be used for that purpose this summer. Whether it be used for a three or five lane project is irrelevant at this time. We are again finding ourselves entering into a crisis situation if we do not act very soon.

The Highway Department again has handled a tremendous workload. We have found ourselves under equipped as well as under staffed continuously throughout the year.

The Department has received 400 calls requesting assistance from residents for everything from changing light bulbs at the Police Department to the widening of Lowell Road. We realize that the Highway Department is considered the janitors of the Town and we will do our best to help every resident who calls with a problem.

However, please understand we are limited with personnel, equipment, and funds in just how much we can handle. We even made an effort to remove a kitten from a sixty foot tree but, without proper equipment, better judgement had to prevail. There are just some times when we have to say that's a little too far out of our capabilities.

We feel it is unnecessary to present a long list of projects that have been completed again this year. Therefore I would like to say Thank—you for your understanding and support over the past year and we are looking forward to serving you as much as we can in the ensuing year.

Respectfully submitted,
Alfred J. Hogan
Town Road Agent

ASSESSOR'S ANNUAL REPORT 1984

Hudson has increased its tax base by \$18,188,260. in added assessment for the tax year 1984—85.

Total Gross Value	\$290,265,155.
—Elderly Exemption	2,697,910.
—Blind Exemption	96,000.
—Land Use Exemption	4,488,322.
Net Taxable Value	\$282,982,923.

We cordially invite you to visit our office if you have any questions regarding your assessment.

Respectfully,
Richard G. Ethier
Assessor

AUDITORS'S REVENUE SHARING COMPLIANCE OPINION

The Board of Selectmen
Town of Hudson, New Hampshire

We have examined the combined financial statements of the Town of Hudson, New Hampshire, for the year ended June 30, 1984, and have issued our report thereon dated August 14, 1984. Our examination was made in accordance with generally accepted auditing standards; the provisions of **Standards for Audit of Governmental Organizations, Programs, Activities and Functions**, promulgated by the U.S. Comptroller General, as they pertain to financial and compliance audits, and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In connection with our examinations, we also (1) performed tests of compliance with the Revenue Sharing Act and regulations as detailed in the "Commentary on the Audit Requirements of the 1980 Amendments to the State and Local Fiscal Assistance Act" issued by the Office of Revenue Sharing, U.S. Department of the Treasury, and (2) compared the data on the appropriate Bureau of Census for RS—8 with the audited records of the Town of Hudson, New Hampshire.

In our opinion, the Town of Hudson, New Hampshire, complied with the aforementioned provisions of the Revenue Sharing Act and regulations.

REPORT OF THE PLANNING BOARD

July 1, 1983 to June 30, 1984

Board members for the year:

Paul Inderbitzen, Chairman	Leonard Smith
Marilyn McGrath, Secretary	Darrell Wagner
Shawn Jasper, Selectman's Representative	Andrew Renzullo, alternate
Robert Jasper	Fidele Bernasconi, alternate
Bernard Manor	Joanne Theriault, alternate

Summary of Transactions:

FY 83

Subdivisions:	Approved	40
	Denied	0
Site Plans:	Approved	46
	Denied	1
Boundary Plans/Easements:	Approved	16
Sign Plans:	Approved	7

Kathy Osberg resigned as an alternate and was replaced by Joanne Theriault. Lee Malouin ended a long term on the Planning Board and his hard work and perseverance was publically acknowledged at the March 1984 meeting.

The October 1983 Special Town Meeting saw action by the voters on two zoning amendments. The troublesome height ordinance was amended to clarify its wording.

The amendment to allow for a Zoning Administrator failed to pass but was subsequently approved at the March 1984 Town Meeting.

Many Zoning Amendments passed at the 1984 Town Meeting brought the Ordinance in compliance with the new State laws governing planning and zoning.

The Planning Board adopted revised Site Plan Review Regulations that clarifies the site review process. The Regulations also attempt to provide for protection to residential areas in the Rural Zone from encroaching commercial and industrial uses.

An update of the Hudson Master Plan was started under contract with the Nashua Regional Planning Commission. This 18 month project will be followed by the formation of a Capital Improvements program which will allow the Town to set aside funds for future building, equipment and highway purposes so that when they are needed, a large part of the funds will be available. Town Meeting authorized the Planning Board to prepare the Capital Improvements Program.

As Hudson's growth continues, it becomes increasingly important that we plan now for our future needs. This is particularly critical in the area of our highways.

Intense development pressure has been placed on Lowell Road / River Road corridor following the opening of the Sanders' facility. In order to plan for the future needs of this highway, the Planning Board has contracted with Vanasse / Hangen Associates to prepare a Corridor Study of Rt. 3A from Central Street to the Massachusetts state line. This study will be completed in November 1984 and will outline the future needs of the highway as well as the cost of necessary improvements.

On Derry Street the Planning Board has received contributions as a result of development proposals which will be used toward a reconstruction project on that highway.

Delays in the Circumferential Highway hearing, and lack of recognition by the state of the growth pressures on our roads and the Town in general, will force Hudson to seek and pay for solutions to growth associated problems that in part were created by state policies.

In addition to planning for future growth, Hudson must also cope with the present. More demands are being placed on the Town by a growing population as well as by non residential uses. Town Hall staffing needs to be expanded to keep up with the public demand for service.

Volunteer Boards and Commissions can only function if the daily staff is there to provide the necessary support.

The position of Zoning Administrator will provide needed staffing in the building and zoning department. Secretarial support should also be expanded.

In the future Hudson needs to address solid waste, water quality, septic system regulation, ground water protection and government to name a few. Planning for that future will require foresight and action now. We cannot wait until it is upon us.

I appreciate the patience and cooperation of applicants before the Board during our sometimes lengthy meetings.

I wish to acknowledge the support and assistance of the Town Hall staff, particularly Town Engineer, Bob Perreault and his assistant, Denis Boisvert. The Planning Board could not function effectively without their skill, expertise and long hours.

I must also acknowledge the members of the Planning Board for being professional and concerned for the issues that face the Town. They put in long hours with little thanks. Their commitment to Hudson is to be commended.

Respectfully submitted,
Paul E. Inderbitzen, Chairman
Planning Board

ANNUAL REPORT OF NASHUA REGIONAL PLANNING COMMISSION TO THE TOWN OF HUDSON, NH

The Nashua Regional Planning Commission continued to provide a high level of regional and local planning services to our twelve member communities in 1984.

Hudson made extensive use of the commission's services over the year. Work has begun on an update to the Town's 1980 Master Plan which will address many of the issues facing the Town in the future. Staff also assisted the Selectmen in preparing a grant application to the Community Development Block Grant program to partially fund asbestos clean-up in Town. Additionally, staff prepared a study of potential development scenarios for the area along Rt. 102 north of Old Derry Road; conducted traffic signal warrants analysis for the Lowell Road/Flagstone Drive/Wasson Road intersection; and provided assistance to the Town's traffic consultant in preparing the Lowell Road Corridor Study.

Water Quality planning continues to be one of the Commission's highest priorities. The three-year aquifer delineation program will be coming to completion at the end of this year — giving our communities the latest, most accurate groundwater data available anywhere in the state. The program has won state-wide recognition and was awarded the New Hampshire Planners Association Award of Excellence at the Association's Annual meeting. An \$80,000 groundwater quality study, performed through a grant from the U.S. Environmental Protection Agency was also completed this year, indicating that most of our water supplies still yield high-quality drinking water. Other Commission efforts were targeted towards conducting studies of Baboosic Lake and Silver Lake through a unique cooperative program involving area residents and local and state officials. Efforts to maintain the area's pioneer role in protecting water quality will continue in the coming months with assistance to communities desiring to put local protection strategies in place.

Solid waste planning has also been a high priority this year. The Commission has provided staff support to the recently formed Nashua Region Solid Waste District and has assisted all area towns in planning for proper disposal of household septage. Efforts on these subjects will continue in the coming year as the region continues to grapple with the growing problems of waste disposal.

Transportation planning activities have continued to represent a major portion of the Commission's services. Most notably the Commission assisted City officials in getting the CITYBUS system operational. Additionally, the Commission's efforts have helped to move several area highway projects closer to completion, including the Nashua / Hudson circumferential Highway; improvements to Exits 7 and 2 along the F.E. Everett Turnpike; and the initiation of studies concerning the future of the Rt. 101A corridor. The Nashua Air Quality Study has also neared completion with the issuance of a final report analyzing the problems and potential solutions to clearing the air in Nashua. The Commission has also investigated alternative proposals, for eventual consideration by the legislature, enabling communities to recoup the costs of road improvements made necessary by incremental development.

Other Commission activities have emphasized continuing the expansion of services to members locally, and the expansion of our members influence at regional and state levels. The Commission cosponsored a joint meeting with our neighboring counterpart in Massachusetts to initiate discussions on common problems — most notably highway and water related problems. We're now gearing up for the coming legislative session to ensure that the region's interests are duly recognized and represented. Our **SOUNDINGS** newsletter, **DISPATCH** memos, and **Legislative Alert** mailings will continue to keep local residents and officials informed as issues arise.

As always, the Commission stands ready to assist Hudson with its planning and administrative needs in the coming year. Call us if we can help you.

Nashua Regional Planning Commissioners:

- Leonard Smith
- George Arris
- Phyllis Keeney
- Karen Rhine

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment reviews and judges applications for variances from zoning / use restrictions. The Board also reviews applications for special exception permits. In addition, the board also judges appeals of decisions made by Town administrative officials. During the 1984 fiscal year, the Hudson Zoning Board of Adjustment processed a significantly increased case—load schedule. The board met on a regular schedule every fourth Thursday evening of each month, plus eight additional special meetings to handle overflow and special requests, together with additional workshop sessions. During the course of the year, the Board adjudicated 79 variance requests (granting 37, denying 26, and deferring 16), reviewed 18 special exception requests (granted 10, denied 2, and deferred 6), affirmed 1 administrative appeal and denied another, granted 6 withdrawals, and processed 11 rehearing requests (granting 6, denying 5).

Subsequent to this calendar year activity, the Zoning Board of Adjustment finally realized a long—standing goal of obtaining a full—time Zoning Administrator, who will serve the double function of processing all applications and coordinating all enforcement activities with respect to zoning violations. It is the earnest hope of the Zoning Board of Adjustment that the presence and perseverance of this new Town official both will reduce the application caseload and also will significantly reduce the number of violations in our growing community.

Your Zoning Board of Adjustment is the local manifestation of a movement developed through the past half century. Realizing that haphazard growth and indiscriminate intermixing of residential housing, commercial buildings, and industrial facilities both reduces property values and impairs land—usage efficiency, communities across the nation have established zoning ordinances and zoning maps to define the proper use of community property and to prevent its indiscriminate use. At the same time, local Zoning Boards of Adjustment have been organized to provide flexible local—level relief from bureaucratic interpretation of the zoning regulations. The Board can vary the provisions of the ordinance for property owners faced with unique property hardships (involving nonstandard size, shape, topographical peculiarities, access difficulties, drainage conditions, and the like). Having this power, however, the Board also has the responsibility to uphold the zoning decisions of Hudson's citizens, as expressed at the annual Town Meeting.

The Board can allow a variance only if all of the following are true:

1. There must be some peculiarity in the property, as compared to equivalent property nearby, so that literal enforcement of the existing ordinance provisions means an unnecessary hardship. This requirement, commonly referred to as "hardship in the land," is a quality of the property rather than of the owner's person.
2. That granting the variance does not violate the spirit and intent of the Hudson Zoning Ordinance and / or the Hudson Zoning Map.
3. That granting the variance will not adversely affect the value of abutting property.

4. That granting the variance will not be contrary to the public interest of the citizens of Hudson and / or New Hampshire.
5. That granting the variance accomplishes substantial justice to the applicant, whereas denial would cause injustice to the applicant because of the special nature of the property concerned.

A special exception is very different from a variance and has very different requirements. Our Hudson Zoning Ordinance allows for specific kinds of special exceptions, providing that specific requirements are met. These requirements are much more objective than the ones pertaining to a variance, so that compliance can be demonstrated much more easily if it exists but cannot be argued very convincingly if it does not exist. If compliance can be demonstrated, the Zoning Board of Adjustment in effect **must** grant the special exception.

At the current time, the Town of Hudson recognizes three different kinds of special exceptions, each with different requirements.

1. Accessory construction (roadways, easements, etc.) may be allowed in a wetlands area if necessary to enable productive use of the land and designed to minimize any impact on the wetlands functions.
2. Various sorts of normally disallowed uses of a wetlands area can be permitted as a special exception if the applicant can demonstrate that the proposed use will not dilute or detract from the purpose and functions of the wetlands in question.
3. A special exception can be granted for a home occupation business activity provided that the applicant and business conform to certain basic requirements. First, the business must meet the definition by being a traditional home—occupation activity, subordinate to the use of the home as a dwelling place, without altering the residential character of the dwelling. Secondly, the business must comply with each item in a long list of requirements designed to minimize alteration of the dwelling and also to minimize impact of the business upon the residents of the neighborhood.

The Board of Adjustment hears cases of appeal from decisions made by the Zoning Administrator (and certain other Town officials, including this Board itself) in order to ensure all citizens of their rights to be heard. In the event that any applicant feels that a denial of the request by the Zoning Administrator was unreasonable—or, conversely, that the abutters feel that the granting of a permit was inappropriate—the aggrieved party can appeal that decision and request the Board of Adjustment to decide the matter.

In addition to these case—related functions, moreover, the members of the Board of Adjustment also have an attendant duty to suggest needed changes in the Hudson Zoning Ordinance. Accomplishment of this task involves monitoring changes in the Town's growth pattern, evaluating the types of cases that come before the Board (and any specific difficulties the Board might have in deciding those cases), etc. Additional activities include participating in state—wide seminars on zoning—related topics, meeting with other Town groups (Planning Board, Conservation Commission, Selectmen, etc.) to discuss mutual concerns, and taking a more than normal interest in zoning—related activities occurring in neighboring communities. Armed with these experiences, the Board then can

propose needed and / or desired changes in the Zoning Ordinance in order to relieve the Town's citizens from unreasonable impact or to reduce the potential for undesirable developments.

J. Bradford Seabury, Clerk
Madeleine Gagnon, Chairperson,
Hudson Zoning Board of Adjustment

BUILDING BOARD OF APPEALS
July 1, 1983 — June 30, 1984

The Board of Appeals heard the following appeals from persons aggrieved by decisions of the Building Officials:

Elm Ridge, Inc.
D. A. Boyer, Maple Avenue
Abbott Farms, Rt. 102

The Board overturned the decisions of the Building Officials and allowed modifications. Not to allow modifications would have been unjust to parties involved and contrary to the spirit and intent of the code.

Rules and Regulations have been adopted which may be picked up at the Building Officials' office.

Respectfully submitted,
Leonard A. Smith,
Chairman

REPORT OF THE HEALTH OFFICER

July 1, 1983 — June 30, 1984

I would like to extend my thanks to the Hudson business community and residents for the cooperation I have received since becoming Hudson Health Officer in June of 1984.

The purpose and function of the Health Officer is to provide and / or protect the citizens of Hudson from conditions which may exert a harmful or negative influence on their health and well-being. Primary activities include food service sanitation; public and private water supply protection and monitoring; individual sewage disposal systems; group and family day care operations; housing and foster homes; and nuisance investigations and complaints.

In order to facilitate the carrying out of the above duties, the Board of Selectmen has approved the assignment of the Health Officer to the Building / Zoning Department. The Zoning Administrator is to be the authorized agent for the inspection of individual septic systems.

Continued interest of Hudson citizens in a healthy community environment during the coming year is strongly encouraged.

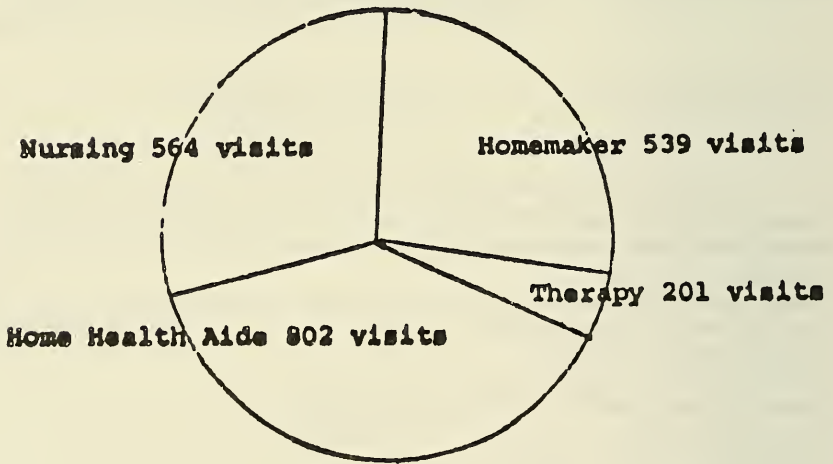

Health Permits Issued.....	53
Inspections of Food Establishments.....	28
Inspections of Food Markets.....	6
Sewerage Complaints.....	24
General Health Complaints.....	80
Day Care and Nursing Inspections.....	6

Communicable Disease Reports.....	2
Dog Bite Incidents.....	23

Respectfully submitted,
Michael Kopenits, D.M.D.

HUDSON TOWN REPORT
Visiting Nurse Association of Nashua, Inc.
July 1, 1983 — June 30, 1984

In fiscal year 1984, the Visiting Nurse Association of Nashua provided over 2,100 visits to 63 Hudson residents needing home care. Services provided include:

- * Nursing — for care of the sick, long—term care, and terminally ill patients.
- * Therapies — Physical and Occupational Therapy, and Speech and Language Pathology
- * Medical Social Services — including referral and coordination with other social service providers.
- * Home Health Aides — personal care services for bathing, skin and nail care, and medical assistance.
- * Homemaking — providing light housekeeping, shopping and errands.

The cost of home care for these patients was \$54,270 of which \$29,776 was covered by governmental or private health insurance. The remaining \$24,494 of care was provided through local community support, including Town of Hudson funding.

In addition to home care services, the VNA's community health programs in Hudson were well attended. Last fall 92 seniors received flu shots, and 403 blood pressure checks were done for members of the Hudson Senior Citizen Club. The VNA, in cooperation with the Hudson School Department and the NH Division of Public Health Services, Bureau of Communicable Diseases, developed Immunization Policies for school aged children. In the spring of 1984, the VNA Immunization Clinic was expanded to include children ages 6 to 16 years, Nearly 100 youngsters benefited from this program.

CONSERVATION COMMISSION 1985 ANNUAL REPORT

The Conservation Commission continued its monitoring of the water characteristics of both Robinson Pond and Ottarnic Pond as part of the University of New Hampshire's Lake Lay Monitoring Program. The Commission thanks all who participated in this year's effort. Copies of the final report are available from the Commission or Engineer. Volunteers will again be needed in the Spring of 1985 and any interested parties are urged to call Denis Boisvert in the Town Engineer's Office.

Engineering studies and tests are underway for implementing the water control structure on Robinson Pond.

In addition, the Commission is reviewing changes to the Wetlands Ordinance and working with both the Planning Board and the Zoning Board of Adjustment to protect the Town's Conservation interests. Commission representatives participated in teaching the hunter safety course and in planning meetings with the Merrimack River Watershed Council to review progress and plans for improving the river.

Respectfully submitted,
Ted Roome
Co—Chairman

RECREATION COMMISSION REPORT 1983 — 1984

Hudson residents have continued to enjoy the expanded programs being offered by the Recreation Department.

During the summer the Youth Center on Oakwood Street in Hudson is the site of the Town's Summer Playground program. During summer vacation, children participate in a wide variety of activities ranging from active games such as soccer, softball, or basketball to quiet games such as monopoly, knock hockey, or checkers, to arts crafts activities. The programs are supervised by 4 full time counselors and the Youth Center is open from 9 AM to 4 PM. Regular field trips to outside facilities and cookouts are also offered. (Peter Jean, the Town's Director of Recreation and Fred Deppe, the playground supervisor, were in charge of all activities at the Youth Center.)

The summer months also offer Hudson residents a number of athletic opportunities. Bill Coronis directs the Town's baseball programs which include a Prep League (13 year olds), a Babe Ruth League (14—15 year olds) and a Senior Babe Ruth Team (16—18 year olds) which travels throughout the state.

Tennis lessons are also available for those interested children and adults. The program is under the direction of Kate Finnigan and is offered at the Dr. H. O. Smith tennis courts week nights.

This year's Jr. Miss Softball Team, ages 14 through 17, completed a very successful season under the direction of Diane Young. Home games were played at Jette Field, and many away contests were played in neighboring towns.

Men's Softball is one of the most popular recreation programs, an 8 team league, each team plays 17 games during the summer months at Jette Field, plus playoffs. This program is directed by Joyce Cloutier.

Two High School Aged Soccer Teams under the direction of Peter Jean are actively involved during the summer months in the Southern N.H. Soccer League. Home games are played at Alvirne H.S., and away games are also played against neighboring towns.

Youth Soccer continued this past fall at Memorial School Field. A 6 team league was once again set up for children in grades 5 through 8 and an instructional program was once again set up for children in grades 1 through 4. Both programs were under the direction of Peter Jean.

Another fall activity is the Referee School. Open to high school students, classes are held to teach the basics of scoring, timing and refereeing basketball. This program was directed by Drew Curtis.

The Winter Basketball programs for children in grades 5 through 8 were run by Drew Curtis (boys) and Diane Young (girls). All children who try out are placed on a team which plays a ten game schedule, plus playoffs. The program which runs from November to March also includes traveling. All Star teams, which also host their own tournament, the Hudson Invitational tournament. Bob

Eldridge runs the instructional program at Library Street School for 3rd and 4th graders.

Another popular adult program is Volleyball, under the direction of Alden Marshall. Games are played Tuesday evenings at Memorial School. Weather permitting, Greeley Field, and the parking area at Memorial Field are flooded each year for ice skating.

The Spring Recreation Season returns us to the outdoors for a Soccer Clinic program for 5 weeks, before preparing for another year's activities. This program is under the direction of Peter Jean and is open to children in grades 1 through 5.

Major improvements over the past year have included the resurfacing of both the tennis courts at Dr. H. O. Smith School and the basketball courts at Greeley Street Park. In addition to the fences being raised at the Greeley Street Little League Field, additional fencing was also placed around the Youth Center and at Jette Field.

All of our fields are still at maximum use because of the growing need for recreation. We have continued to require that all youngsters participating in our programs be Hudson residents, and that all adults either be Hudson residents or employees of the Town.

We are continuing to try to meet the needs of our growing community.

In closing we would like to thank all volunteers who have donated their time, effort and support to make recreation in our Town possible.

Respectfully submitted,
Peter Jean
Recreation Director

ROBINSON POND

Located on Robinson Pond, just off Rt 111, Robinson Pond Recreation Area is a seasonal picnic and swimming area designed and maintained for the use of Hudson residents and their guests. The Recreation Area is open from Father's Day through Labor Day, with lifeguards on duty from 9 AM to 8 PM.

During the summer, swimming lessons are offered. The lessons are available to all Hudson residents from infants to adults, beginner through lifesaver. Residents may choose from lessons offered in the morning 9—12 AM or lessons in the afternoon 5—7 PM. During the 1984 season, over 275 people registered and participated in the swimming lesson program. Also punctuating the summer of 1984 were 4 water carnivals specifically designed for the children of Hudson. The carnivals consisted of water races, lollipops, balloons, candy, watermelon, ribbons and prizes. On the average, over 100 children participated in each carnival.

Many improvements were made during the summer of 1984. The swimming area was enlarged to meet the needs of a growing number of patrons. Four truckloads of sand coupled with three truckloads of sand donated by the Hudson Jr Women's Club has vastly improved the beach area. Less visible to the public, was the installation of a telephone for emergency use by the lifeguards, and the purchase of a new rescue tube and reaching pole. The installation of a chainlink cage, providing security for the sanitary facilities in the summer and serving as winter storage for large portable items, will reduce future maintenance costs. Future positive changes and improvements will be realized as we continue to try to meet the needs of our rapidly growing community.

In closing, I would like to thank the Lifeguard staff of 1984 for outstanding performance of their duties and untiring energy, enthusiasm, and dedication.

Respectfully Submitted
Janet Bedard
Director, Robinson Pond Recreation
Area

HILLS MEMORIAL LIBRARY REPORT TO THE TOWN FOR THE YEAR 1984

EXPANSION UPDATE

In the Fall of 1983, the Board of Trustees authorized the firm of Edward M. Wehner F.R.C. to conduct a fund—raising feasibility study as a possible way to raise funds toward the construction of the proposed addition to the library. The Board received the results of the study in December, 1983. A total of eighty—nine personal interviews were conducted with persons who are believed to represent a good cross section of industrial, financial, civic, and social leadership of the Hudson area. The results of the study were favorable. A sizeable amount could be raised through such a drive.

In light of the study results, the Trustees placed an article in the March, 1984 Town Warrant to raise and appropriate \$400,000 to be used toward the construction of the addition. The Trustees believed it was necessary that the Town demonstrate in this way their willingness and agreement to back the Library expansion before a fund—raising drive was set in motion. At the regular Town Meeting, the article failed by two votes to get the 2/3 majority required for adoption. At the subsequent Special Town Meeting, it failed again. This time by fifty—one votes.

The Library is dynamic in character, it must continuously grow or it will stagnate and decline to a monument in the memory of Mrs. Virginia Hills. The people of Hudson must decide the direction of the Hills Memorial Library, the library space problem must be solved, and it must be solved now.

TEMPORARY SOLUTION TO EASE THE SPACE PROBLEM

A 14x36 mobile trailer was acquired in February, 1984 as a temporary measure to ease the overcrowdedness in the Library and allow the Library to continue to grow. Two—thirds of the trailer is used as closed—stack area, where less often used books are stored. The remaining one—third is used as a staff work area. Here the staff performs library technical services more efficiently and in a quiet and uninterrupted environment.

EXCITING FIRSTS DURING THE YEAR

The Library entered the computer age. The patrons now have free computer use time available to them. Many thanks to Dustin Smith of Computersmith in Hudson for his generous donation of the Franklin ACE 1000 computer system. This wonderful donation was made possible through the hard work of the Friends of the Library. George Weghorst, a computer programmer, volunteered to hold workshops on "How to Use the Computer." Patrons of all age groups took advantage of these ten workshops held on Saturday mornings.

The Library also acquired a Rainbow Computer system to take care of it's circulation, interlibrary loan, and technical services section. The computer was purchased by the Library on a 50 / 50 matching grant from Digital, Inc.

The Hills Memorial Library was placed on the National Register of Historic Places on June 7, 1984. The National Register is the official Federal listing of significant heritage resources (buildings, structures, sites, districts, and objects) worthy of preservation. Many thanks goes to Mrs. Donald (Arline) MacIntyre who, with the unanimous vote of the Board of Trustees, spent many months to accomplish this listing.

On June 10, the Trustees held an "Open House" at the Library to celebrate the 75th Anniversary of the dedication of the Hills Memorial Library building to the Town of Hudson by Dr. Alfred Hills. Shown were early pictures of the Library and the area around it in slide form with commentary by Ruth M. Parker.

LIBRARY OFFERS CULTURAL PROGRAMS

The Trustees voted to offer programs to the public on a trial basis for one year. The goal is one such program per quarter. The first program honored Mr. William G. Webb, author of the book "A Feather in Your Cap". Mr. Webb was a former teacher and principal at Hudson's Webster School (1958—1961). His book is dedicated to eleven of his former students who have passed away, four of whom were from Hudson: Mr. Leonard Nute, Stuart Groves, Pamela Stultz, and David Erb.

The most recent program was "A Christmas Medley" by the Allegro Quartet. These four singers are members of the Nashua Actor—Singer Group. Whether by design or by accident, the acoustics of the Library are ideal for such musical programs. The Allegro Quartet's performance was definitely impressive, and the Library hopes to book them again in the Spring.

A PROGRESSIVE LIBRARY STAFF

A Library staff is only as dynamic as it's staff is progressive, and a staff is only as progressive as it's Director and Board of Trustees.

Mrs. Alice Jones, Library Director is a partner with the Trustees in directing and implementing the growth, welfare and progress of the Library.

Mrs. Barbara Brown, Circulation Librarian, recently completed a word—processing course from the Adult Learning Center. Mrs. Eleanora Cropley, appointed Children's Librarian in June, has entered the Library Science Program offered by the University of N.H. and the State Library.

Mrs. Susan Dufault, Assistant Reference Librarian, known both on the local and State level as a top library public relations person, received a Public Library Techniques Certificate in May, 1984. The Trustees recognized her achievement in the Library field by presenting her with an engraved pewter bud vase at the Library's 75th Anniversary "Open House".

Mrs. Judith (Poore) Hanson, Assistant Children's Librarian and Bookmobile Librarian, is near completion of the Public Library Techniques Certificate Program. This program consists of nine courses dealing with Public Library Services and Library Technical Services.

Mrs. Susan Weghorst, Reference Librarian, received a Master in Library Science degree on May 27, 1984 from the University of Rhode Island. While at the University, she had the honor of co-authoring with Dr. L.B. Woods, an article titled "Censorship Tools of an Elite Group". The article appeared in the National Journal of Public Libraries, Spring, 1983. The Board of Trustees recognized Mrs. Weghorst's achievements in the library field by presenting her with an engraved pewter bowl at the Library's 75th Anniversary "Open House".

REPORT OF THE BUILDING STUDY COMMITTEE (Established by resolution at Town Meeting in March 1984)

The Building Study Committee, in response to the resolution approved at last year's Town Meeting to establish a committee to evaluate the needs for various Town Buildings and to recommend priorities for such construction and/or reconstruction as might be found necessary, has obtained data from a variety of sources. This committee has met with the Town's department heads and with the Library Trustees, along with such "outside" experts as Mr. John Carter, the architect who designed the proposed library addition, Commissioner Jenkins of the Governor's Commission for the Handicapped, representatives of the International Association of Chiefs of Police, and with various concerned citizens of the Town having expertise in the areas of concern.

In retrospect, the resolution that led to the creation of this committee is not definitive and can be interpreted in many different ways. The opinion of the members of this committee, however, is that the committee's function was to conduct a broad feasibility study of the building requirements pertaining to the Town Garage, the Police Department, the other Town Hall departments as a whole, and the Library, to provide a summary report stating its findings on these matters, and to offer its recommendation to the Selectmen and the Town. Incidental to this overall task, moreover, the committee felt that another element of its charge was to examine the specific requirements of all four of these areas with respect to the issue of providing access for the handicapped to the Town's public buildings, inasmuch as this was a major factor in the Town Meeting discussion leading up to the making of the establishing resolution. Full access for the physically handicapped, meaning the establishment of provisions such that all ambulatory and/or wheelchair-equipped citizens can have free, unassisted access to all public facilities (including offices, meeting rooms, and properly equipped restrooms) has been mandated as a Federal and State requirement, to become effective by October of 1986. This committee felt that its first priority was to establish what accessibility requirements existed for each Town building and to recommend how these requirements should be satisfied.

The committee members realize, and the Town should, too, that all concerned parties will not be happy with all of the committee's conclusions. Each of the various construction proposals has its own mutually exclusive group of firm adherents, any of whom consider their own wants to be necessities and their competitors' desires to be luxuries. Different members of the committee, which consists of builders, business, Town officials, and interested taxpayers with a demonstrated concern for the Town's best interests, initially represented many of those same different points of view. This committee, however, has functioned as a microcosm of the Town and has resolved its internal conflicts through a process of study and pointed discussion, coming to a clear consensus point of view on each of the different problem areas. The committee believes that any other similarly selected group, having examined the same information, would come to the same conclusions.

The conclusions reached by this committee and recommended by this committee for acceptance by the Town are as follows ;

Town Garage

The consensus of this committee at this time is that a satisfactory level of service can be maintained at the existing Town Garage, provided that certain needed alterations are incorporated, as follows:

- a. The building should be outfitted with gas-fired unit heaters, which are felt to be sufficient to provide a required comfort level in the office area and to provide sufficient heat distribution throughout the work area.
- b. The building should be outfitted with an exhaust ventilation system so as to prevent the buildup of fumes inside the building as a consequence of vehicle maintenance and overhaul.
- c. The building should be outfitted with two additional vehicle doors in the north wall in place of the existing single door, in the interests of safety (both for personnel and for equipment) and operational efficiency.
- d. An approved automatic sprinkler system should be installed.
- e. As a part of the overall modification program, the office area should be relocated to ground level prior to any heating/ventilation modifications, thereby obviating the need for any special access provisions except for improvement of the restroom facilities. (The committee recommends that two new restrooms be constructed as part of the overall redesign.)
- f. The building should be repainted throughout and such other cleanup activities as may be practical (e.g., elimination of storage facilities for paints, unneeded spare parts, etc.) should be undertaken.

The committee also recommends that the Town should look into the possibility of acquiring adjacent properties in order to provide space for possible expansion.

The committee feels that these relatively inexpensive recommendations, estimated to be accomplishable for considerably less than \$50,000, would improve the general lot of our Highway Department personnel and would extend the usable life of the existing Town Garage, while at the same time enhancing its monetary worth. This approach thus would free whatever construction funds might become available during this extended lifetime for satisfaction of some of the more pressing needs of the other Town buildings.

Library

Providing the mandated accessibility for the handicapped to the existing Hills Memorial Library, because of the nature and design of that hallowed building, will require an outside elevator and two new restrooms, which will have to be added to the back side of the building. In view of the extreme cost and visually destructive nature of such alterations, together with the attendant increased cost of redesigning the eventually inevitable library addition which would provide those same capabilities, the committee recommends that the Town support the Library Trustees' desire to construct the already designed addition immediately. The committee feels that it would not be cost effective to incorporate the needed changes and then later add

an addition which not only would make such alterations redundant or superfluous but also might well necessitate the elimination of those same alterations. The committee acknowledges that related problems exist, including the current scarcity of parking, but feels that these problems will be overcome in time and are vastly overshadowed by the need to provide immediate changes and to do so in the most cost effective manner.

Town Hall & Police Station

Hudson's Town Hall agencies and its Police Department both currently occupy the same building. Both of these two divisions clearly have outgrown the available space and both have expressed a deep-felt need to go elsewhere and build a special building customized to the peculiar requirements of each. On the one hand, the committee finds that the Police Department's current facilities are excessively cramped, with poor ventilation, inadequate exits, and insufficient space to carry out the programs and procedures that our Police Department is trying to implement. On the other hand, the committee finds that the combined Town Hall agencies already have outgrown their office space and all available public parking space and yet are faced with the clear need for necessary expansion growth in all departments--a condition that will become even more aggravated in the event that the proposed charter for a representative form of town government is passed by the voters in March.

Consequently, the consensus of this committee is that plans should be made now to turn over the present Town Hall building in its entirety to the Police Department for use as a dedicated police station, with alterations and innovations as necessary, and that the Town should build a new Town Hall to house the remaining interactive agencies. The committee further recommends that this process should be begun as soon as possible, by means of finding transitional lease-type housing for those other Town Hall agencies at the earliest possible time, either collectively or in practical groups (i.e., the Building/Zoning Department with the Town Engineering Office, the Treasurer/Town Clerk with the Assessor's Office, and the Selectmen's Administrator), with the Police Department being enabled to expand into the emptied office spaces as these possible phaseouts take place.

As part of this changeover, the Town should **immediately** install a full elevator allowing access to both floors of that building from a ground-level entranceway, along with such alterations of the existing restroom facilities as may be necessary to provide full compliance with the handicapped-access requirements, a central airconditioner/ventilation system, and applicable improvements in the overall energy design of the building.

The committee believes that the new Town Hall **should** be located as close to the present location as possible, in order to retain the centralization benefits of the current government structure. At the same time, the committee feels that the best approach to this entire problem would be to continue its ongoing needs analysis into a full-grown feasibility study, to be conducted by professional consultants, to delineate all real requirements of our expanding government agencies. (In addition, the committee is also aware that a detailed feasibility study may produce information that could cause a reversal of the decision to leave the Police Department here and move the other Town Hall offices out, but the current thinking of the committee, based on the information currently available to its members, is as stated in the preceding outline.)

The committee sees a need for continued analysis as part of a possible 5-year development plan. In sum, the committee feels that the primary priority is to construct the long-proposed and already designed library addition now. The next phase, occupying the next year, should be to develop the new Town Hall building, which should be designed to fit the current and future needs of the collective administrative agencies of our Town government, with interim transition being alleviated by the use of temporary facilities leased for those agency groups that can be relocated with the least problems. Following completion of that phase, the committee feels that the Town should take up the question of finding an optimum site for an improved, permanent Town Garage facility.

Beyond that time, the committee sees the possible emergence of still other Town Building requirements, including a fire house in the rapidly growing northwest quadrant of our town, together with the potential need for another school. Seeing these emerging needs, the committee concludes that the time for delay must end; we cannot as a Town continue to put off the clear needs to construct the buildings that our much larger Town already needs, for we are simply compounding the problem by letting it grow beyond our means to resolve.

**TOWN OF HUDSON, NEW HAMPSHIRE
FINANCIAL STATEMENTS
JUNE 30, 1984
AND
AUDITORS' OPINION**

Board of Selectmen
Town of Hudson, New Hampshire

We have examined the combined financial statements of the Town of Hudson, New Hampshire, as of and for the year ended June 30, 1984, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and included such tests of the accounting records as we considered necessary in the circumstances.

As described more fully in Note 1, the combined financial statements referred to above do not include financial statements of the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles.

As described in Note 2, the Town has recognized tax revenue of \$410,898 in its General Fund, and \$348,839 in its Property Tax Fund, which do not meet the sixty day received in cash requirements of the National Council on Governmental Accounting Interpretation 3. The Town believes that the application of NCGA Interpretation 3, which would result in an increase in the undesignated General Fund Deficit to \$1,069,443, gives a misleading impression of the Town's ability to meet its current and future obligations. We concur with this decision.

In our opinion, except for the effects of the matters described in the above, the combined financial statements referred to above present fairly the financial position of the Town of Hudson, New Hampshire, at June 30, 1984, and the results of its operations and changes in financial position of proprietary fund types for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Town of Hudson, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

**TOWN OF HUDSON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 1984**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Hudson, New Hampshire, conform to generally accepted accounting principles for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies:

A. Basis of Presentation —Fund Accounting

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operation of each fund is accounted for with a separate set of self—balancing accounts that comprise its assets, liabilities, fund balance / retained earnings, revenues, and expenditures / expenses. The various funds are summarized by type in the financial statements. The following fund types are used by the Town:

Governmental Fund Types

Governmental Funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the Town's governmental fund types:

General fund — The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds — Special Revenue Funds are used to account for specific restricted revenues and expenditures.

Capital Projects Funds — Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities such as sewer system construction.

Fiduciary Fund Types

Fiduciary Fund Types are used to account for assets held by the Town in Trustee capacity or as an agent for individuals, private organizations, or other governmental units, and / or other funds.

Trust Funds — Trust Funds include expendable and non—expendable funds. Non—expendable funds are accounted for and reported as proprietary funds since capital maintenance is critical. Expendable trust funds (Capital Reserve Funds) are recorded as governmental type funds.

Agency Funds — The Town collects taxes for Hudson School District and Hillsborough County, both independent governmental units, which are remitted to them as required by law. These funds are accounted for as agency funds.

General Fixed Asset Group

The Town does not record the acquisition of fixed assets in the General Fixed assets in the General Fixed Asset Account Group as required by generally accepted accounting principles. Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditures. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith, are accounted for as expenditures in the year payments are made.

B. Basis of Accounting

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest on long-term debt, are recorded when the liability is incurred, if measurable.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Town; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Licenses and permits, charges for services, and miscellaneous revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are measurable and available (see Note 2 for property tax accrual policy).

The accrual basis of accounting is used by trust funds.

During the course of normal operations, the town has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

C. Budget

The budget represents departmental appropriations as authorized by annual or special town meetings. The selectmen may transfer funds between operating categories as they deem necessary.

D. Continuing Appropriations

Appropriations for certain projects and specific items not fully expended at year end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year end, continuing appropriations are reported as a component of fund balance and are as follows:

Charter Study Commission	\$100
Drainage Project	26,229
Burns Hill Ballfield	10,000
Water Company Feasibility	5,000
Recycling Facility	4,403

E. Retirement Plans

Substantially all full—time employees of the Police and Fire Departments participate in the State of New Hampshire Retirement System. Under this plan, participants contribute a percentage of annual compensation, which is fixed by law and dependent on age when contributions begin. The Town contribution rate for normal cost of the plan as of June, 1979, and has been set at 14.11 percent of compensation for Police personnel and 11.79 percent for Fire personnel.

For the year ended June 30, 1984, the normal cost of the plan to the Town was \$146,500. The amount, if any, of the excess vested benefits over pension fund assets is not available. The Town had no past service obligation.

F. Sick Leave

Employees that have accumulated sick leave (up to 60 days) that was accumulated prior to January 31, 1984, are entitled to a lump sum cash payment upon separation of employment with the Town. Sick leave accumulated subsequent to January 31, 1984, will lapse at the end of the fiscal year.

The estimated liability due to separation or retirement is not material at June 30, 1984.

G. Total Columns on Combined Financial Statements

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. The data is not comparable to a consolidation and interfund eliminations have not been made in the aggregation of the data.

2. PROPERTY TAXES:

A. General

Taxes are levied on the assessed value of all taxable real property as of the prior April 1, and are due in two installments on July 1 and December 1. The Town bills and collects its own property taxes and also taxes for the Hudson School District and Hillsborough County. Collections of the school and county taxes and remittance of them to these governments are accounted for in the Property Tax Agency Fund.

B. Tax Revenue Recognition

The Town has recorded deferred tax revenues of \$3,062,599 due July 1, 1984, which are the first installment of 1983 — 84 taxes received as of June 30, 1984. The Town has accrued taxes (net of allowances for estimated uncollectibles of \$36,941) of \$410,898 in the General fund and \$348,839 in the Property Tax Fund, which do not meet the susceptible to accrual criteria of National Council on Governmental Accounting Interpretation 3. The net effect of not recognizing the tax receivables would increase the General Fund deficit to \$1,069,443 and would mislead the user of these financial statements as to the Town's financial position.

C. Tax Sale

Under State law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due. The purchaser at tax sale receives a priority tax lien on these properties and accrues interest at 18 percent per annum.

3. LONG—TERM DEBT

The following is a summary of bond translations for the Town for the year ended June 30, 1984:

Bonds Payable at July 1, 1983	\$4,070,000
Bonds Retired	<u>490,000</u>
Bonds Payable at June 30, 1984	<u><u>\$3,580,000</u></u>

Bonds payable at June 30, 1984, are comprised of the following individual issues. Under State law, all amounts general obligation debt backed by the full faith and credit of the Town and is payable from taxes levied on Town property.

\$4,950,000 — 1979 Sewer Serial Bonds due in annual installments of \$425,000 through November 1, 1985, and \$400,000 through November 1, 1991; interest at 6.2 percent (this issue is partially funded by an annual grant from the State of New Hampshire) \$3,250,000

\$450,000 — 1979 Street Bonds due in annual installments of \$50,000 through November 1, 1998; Interest at 6.79 percent 250,000

\$139,500 — 1979 Equipment Bonds due in annual installments of \$15,000 through July 1, 1988, and \$5,000 on July 1, 1989; Interest is at rates from 5.75 percent to 6.5 percent \$ 80,000

\$3,580,000

The annual requirements to amortize all debt outstanding as of June 30, 1984, including interest payments of \$851,089, are as follows:

Year Ending June 30,	Total
1985	697,723
1986	667,048
1987	612,196
1988	583,188
1989	554,190
1990 — 1992	1,316,744
	<hr/> \$4,431,089 <hr/>

The Town has long—term debt authorized but unissued at June 30, 1984, resulting from the following Town meetings:

March 13, 1984 — Sewer Projects	\$2,659,200
October 21, 1983 — Sewer Projects	290,800
Prior Meetings — Road Project	850,000
Prior Meetings — Sewer Project	99,000

The Town has issued Bond Anticipation Notes for the Central Street Reconstruction and Frenette Drive Sewer Capital Projects in the amount of \$1,165,000 at June 30, 1984.

4. INTERFUND BALANCES:

<u>Fund</u>	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
General Fund	\$1,935,863	\$1,376,631
Special Revenue Funds	3,680	253,228
Trust and Agency Funds	10,000	441,107
Capital Projects Funds	1,362,951	1,241,528
	<u>\$3,312,494</u>	<u>\$3,312,494</u>

5. PRIOR PERIOD ADJUSTMENTS:

The following prior period adjustments were made to correct accounting errors.

5. PRIOR PERIOD ADJUSTMENTS (CONTINUED):

PRIOR PERIOD ADJUSTMENTS

	General Fund	Special Revenue Funds	Capital Projects Funds	Expendable Trust Funds	Non-Expendable Trust Funds
Fund Balances July 1, 1983, (As previously reported)	\$1,990,538	\$ <537,269>	\$ <299,287>	\$ 5,355	\$ 110,838
Understatement of Various Assets in error	519	5,120			
Understatement of Accounts Payable	<39,249>		<42,664>		
Library Trust Funds Reported as Special Revenue Funds in Error		<51,070>		16,471	35,349
Sewer Special Revenue Fund Reported in error	<662,846>	662,846			
Bonds Authorized Unissued, Accrued in error	<875,000>				
Accrual of Revenue In Error	<56,970>				
Fund Balances, July 1, 1984 (Restated)	\$ 356,992	\$ 78,877	\$ <341,951>	\$ 21,826	\$ 146,187

6. NON—EXPENDABLE TRUST FUNDS:

The principal amounts of all non—expendable funds are restricted either by law or specific terms of individual bequests, in that only income earned may be expended. Principal and income balances at June 30, 1984, were as follows:

	<u>Principal</u>	<u>Income</u>	<u>Total</u>
Cemetary Perpetual Care	\$ 97,268	\$ 4,615	\$101,883
Care of Library	35,462	8,286	43,748
	<u>\$132,730</u>	<u>\$12,901</u>	<u>\$145,631</u>

7. EXPENDABLE TRUST FUNDS:

Expendable Trust Funds at June 30, 1984, are as follows:

Capital Reserve Fund — Ambulance	\$15,643
Library Building Fund	19,562
	<u>\$35,205</u>

8. RESERVED FOR ADVANCE TO SEWER FUND:

The General Fund has advanced the Sewer Capital Projects Funds a total of \$1,241,528 (\$603,149 in the current fiscal year) for sewer construction. The Town's consulting engineer estimates that approximately \$1.61 million is reimbursable through U.S. Environmental Protection Agency Grants. Under the Town's sewer ordinances, the balance would be recoverable from sewer users. The amount of \$1,241,528 has been reported as reserved fund balance because it is unavailable for appropriation until such time as the Town's grant Applications are approved.

9. LEGAL COMPLIANCE

The Town has not transferred its appropriations to the ambulance capital reserve fund as is required by State law.

The Town does not maintain separate accounting records of sewer special assessment taxes as is required by State law.

10. LITIGATION

The Town is a defendant in law suits filed against it by its former construction contractors and engineers on a sewer project alleging violation of contractual agreements with regard to the design and construction of the sewers. Advisory jury verdicts against the Town in these cases total \$1,875,000. The Court has not made a decision as to the ultimate amount of the award and legal counsel has advised that they cannot offer opinions as to the ultimate outcome of the case. The Town has not accrued any amount in its financial statements with regard to any future payments that may be ordered by the Court.

**TOWN OF HUDSON, NEW HAMPSHIRE
COMMENTS AND RECOMMENDATIONS
OCTOBER 22, 1984**

Board of Selectmen
Town of Hudson, New Hampshire

We have examined the financial statements of the various funds and account groups of the Town of Hudson, New Hampshire, for the year ended June 30, 1984, and have issued our report dated August 14, 1984. As part of our examination, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such an evaluation is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements and to assist us in planning and performing our examination of the financial statements.

The establishment and maintenance of a system of internal accounting control is an important responsibility of Town officials. The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the evaluation of these factors necessarily requires estimates and judgments by Town officials.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally either with respect to the estimates and judgments required in the preparation of the financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

The study and evaluation previously described was made primarily for the purpose of performing an audit in accordance with generally accepted auditing standards. It would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data.

A letter of this type is critical by nature. We found many examples of good business management practices in our review of the Town's systems. We wish to express our appreciation for the cooperation we received from Town officials and employees at all levels.

Carey, Vachon & Clukay

**TOWN OF HUDSON, NEW HAMPSHIRE
COMMENTS AND RECOMMENDATIONS
FOR THE YEAR ENDED JUNE 30, 1984**

TAX COLLECTOR / TOWN CLERK

Observation

The 1982 Tax Sale was not held until September, 1983. As of the conclusion of our fieldwork, the 1983 Tax Sale had not been posted.

Recommendation

Since the Town is deprived of cash for its investment program and for operations and interest, revenue from delinquent taxes is not maximized, we recommend that tax sales be held prior to mailing of the June tax bills.

Observation

Unredeemed taxes of approximately \$36,000 are passed the statutory time for deeding to the Town.

Recommendation

All unredeemed taxes be promptly deeded to the Town upon expiration of the redemption period.

Observation

Cash from Tax, Motor Vehicle Permits, and other Town Clerk Revenues is deposited two or three times a week, which is in compliance with State law.

Recommendation

In order to maximize interest revenue to the Town, daily deposits by the Town Clerk / Tax Collector should be part of operating procedures.

Observation

The posting system utilized for tax collection cannot be relied upon to detect errors on a timely basis.

Recommendation

Long term goals for improving the entire computer system in the Tax Collector's office should be developed.

LIBRARY TRUSTEES AND LIBRARY OPERATIONS

Observation

Library expenditures are approved by the library director, not the Library Trustees as is required by State law.

Recommendation

All expenditures be approved by the Library Trustees.

Observation

No ledgers are maintained by the Library staff. Accounting records consist of check books and bank statements.

Recommendation

Library Trustees maintain cash receipts and disbursements journals. Proper segregation of duties should be observed when implementing an accounting system.

Observation

Library books were held open until July 20, 1984.

Recommendation

Sound business practice requires a clean cutoff of bookkeeping activity at year end. Library books should be closed as of June 30, each year.

Observation

Operating funds are combined with Non—expendable trust funds.

Recommendation

Proper segregation of funds should be observed by the Library Trustees.

Observation

Multiple bank accounts are maintained by the Library Treasurer.

Recommendation

Bank accounts should be consolidated as much as possible to enhance control over cash and minimize reconciliation procedures.

Observation

The Library maintains a special bank account in the custody of the Library director for petty cash type purchases.

Recommendation

Determine petty cash requirements and maintain petty cash under the imprest basis.

TREASURER

Observation

The Revenue Sharing Fund was deposited in a 5.25 percent savings account during the year. No withdrawals were made from the Revenue Sharing Fund during the year.

Recommendation

Revenue Sharing entitlements should be withdrawn as soon as they qualify as Town funds to maximize cash available to the Town. If Town policy is to maintain large balances in the Revenue Sharing Fund, then an account with a higher yield should be considered.

Observation

At June 30, 1984, the Town's General Fund cash balance was deposited in seven separate bank accounts.

Recommendation

Since the Town has negotiated a banking services agreement, it should review these multiple bank accounts in order to consolidate them to maximize interest revenue.

Observation

The General Fund owes the Capital Reserve Fund two years appropriations.

Recommendation

Appropriations to Capital Reserve Funds be transferred by year end in accordance with State Law.

Observation

We noted that the Board of Selectmen had investigated the possibility of obtaining an independent insurance review.

Recommendation

The Board of Selectmen continue its efforts to obtain independent review of its insurance coverage.

Observation

Tax Revenue committed for the first installment of the semi—annual tax billing is not recorded until the second billing.

Recommendation

All Tax Revenue should be recorded at the time the Board of Selectmen approves a warrant to the Tax Collector.

Observation

The Town has no long range Capital Budget.

Recommendation

A five year Capital Budget should be developed by Town officials.

Observation

The Town has Long—Term Debt authorized but unissued from several years ago.

Recommendation

The Board of Selectmen review the amounts outstanding and take appropriate action at the next Town meeting.

Observation

State law requires that funds received from sewer assessments be maintained as a separate and distinct fund. At the present time, it is not possible to readily determine the amount of sewer taxes receivable at a given point in time.

Recommendation

The Town restructure its method of recording sewer billings so that it can meet State legal requirements. Control over the receivables would also be enhanced.

Observation

Policy manuals and job description manuals were not available at the time we conducted our field work.

Recommendation

We understand that these manuals are in the process of being developed and urge that the task be completed as expeditiously as possible.

Observation

The Town's general ledger is organized on the basis of funds as is required by generally accepted accounting principles for governments. The general ledger, however, does not contain revenue or expenditure accounts for funds other than the general fund. We believe this to be a material weakness in internal accounting control because management is not afforded an opportunity to review summarized information concerning activity in the other funds on a regular basis.

Recommendation

We recommend that revenue and expenditure accounts be added to the chart of accounts for all funds. We also believe that the accounting system should report activity in these funds on a monthly basis.

Observation

Departmental revenue (eg. Special Police Duty, Ambulance fees) is not recorded by the accounting system until it is received.

Recommendation

All billings be recorded by the accounting system at the time the bill is sent. Revenue would be recognized at that time, and control over the receivables would be established with a minimum of additional effort. In the long—term, the Town should give consideration to centralizing the collection of monies due.

Observation

No control exists over the yield tax system.

Recommendation

Responsibility for Yield Tax deposits should be returned to the Selectmen's office. When deposits are made, they should be recorded in the accounting system as deposits and not turned over to the Tax Collector as yield taxes.

Observation

Certain items entitled Sewer Ordinances Deposits and Planning Board Fee Deposits are recorded as assets in the Town's General Ledger. The Town also records Elderly Liens as assets.

Recommendation

We believe that recording items in the General ledger for control purposes is a sound business practice. However, because no offsetting liability accounts are included, the practice has the effect of accruing revenue before it is accruable and and therefore, overstating fund balance. We recommend that appropriate liability accounts be established.

Observation

The Town has treated several items for accounting purposes in a manner which is not consistent with generally accepted accounting principles for government. Because of this, it is not possible to determine financial conditions under generally accepted accounting principles at a given point in time.

Recommendation

We believe that the Town should thoroughly review its accounting policies with respect to the deferral of expenditures and the accrual of revenue.

Observation

No summary accounts are included in the general ledger for performance deposits or the sewer, planning board, and elderly liens.

Recommendation

Control total accounts for these items be added to the general ledger to enhance monthly reconciliation procedures.

Observation

Overlay is recorded in the general ledger as a balance sheet account and is not lapsed to fund balance at year end.

Recommendation

The overlay account should be included as an expense account so that management has an opportunity to review it on a regular basis.

Observation

Budgeted revenues are not included as part of the general ledger.

Recommendation

The Town post its budgeted revenues in the same manner its budgeted expenses are posted and produce a summary report on a monthly basis.

Observation

During the course of our field work, several questions with respect to the Sewer project had to be deferred until meeting with members of the Board of Selectmen and the Town's consulting engineer.

Recommendation

Operating staff should be familiar with all aspects of Town operations after policy is set.

**BIRTHS REGISTERED IN THE TOWN OF HUDSON, N.H.
JULY 1, 1983 THROUGH JUNE 30, 1984**

REPORT OF THE CHAIRMAN HUDSON SCHOOL BOARD 1984-1985 SCHOOL YEAR

The 1984-85 school year has been successful for the Hudson School District in many positive educational and continuing cost effective programs. The first step was the wisdom which was reflected at the Annual School District Meeting to reinstate the \$130,000 reduction of the Budget Committee. The School District has continued to experience reductions in state aid which increases the burden of educational costs to the local taxpayer. Hopefully, legislation pending in the current session of the State Legislature will help increase the state funding for education.

I would like to take the opportunity to compliment the administration, staff, and students in the elementary school for an excellent Young Authors Program. I would also like to extend my congratulations for a very successful Grandparents' Day Program. With strong community support and a hardworking staff at Library Street School, we have implemented a program dealing with combating child abuse.

The Hudson Memorial School has received provisional acceptance as a middle school by the State Department of Education and I am sure they will be granted full acceptance soon. Hudson Memorial was one of six secondary schools from New Hampshire to be nominated for the National School Recognition Program.

The addition of staff at Alvirne High School has provided the administration the opportunity to improve teacher-student ratio while at the same time eliminating the former "relaxed study". Previously, study halls in the cafeteria were overcrowded and provided minimal opportunity for studying. An early report indicates that this increase in staff has contributed to the improved grades of our students.

With continued strong financial support from the Alvirne Trustees, the Alvirne Track Complex will be completed this spring. This complex, with its soccer field and improved facilities, will make it possible for Alvirne High School to hold track and field meets for the first time.

On a district level, we have a Computer Committee that continues to develop and implement a computer program for the district. The Health Education Committee will be introducing a recommended program to the board this year that will be implemented next Fall.

The district energy conservation program has continued to show excellent payback for the funds invested in the facilities. The heating plant at Alvirne has been replaced which improves the overall climate in the building and reduces fuel consumption.

Our school population declined slightly. I would caution everyone that we could have a rapid increase in the school population due to the projected housing growth in the town of Hudson.

Finally, I would like to thank my fellow Board Members, the Superintendent, his staff, and the entire teaching staff for their untiring efforts for, and dedication to, the education of the children of Hudson. In addition, it is equally important to thank the citizens of Hudson for their support.

Robert L. Cote

REPORT OF THE SUPERINTENDENT

TO THE SCHOOL BOARD AND CITIZENS OF HUDSON:

The following paragraphs constitute my annual report as Superintendent of Schools.

While submitting this report I will attempt to review the highlights of the past year, particularly our annual goals and objectives, as well as to look toward the critical issues of the current year.

A major goal during the past year and during this year has been to evaluate the advantages and disadvantages of a traditional seven (7) period 180 day school year with the six (6) period 165 day school year currently in operation at Alvirne High School. This study was initiated at the recommendation of a visiting team from the New England Association of School and College (NEASS). While suggesting that we reassess the two organizational formats they were not recommending one over the other.

The recommendation became an imperative with the adoption of the new "Standards for Approval of New Hampshire Public Schools" by the New Hampshire State Board of Education in May of 1984. The new standards generally increase the requirements for graduation both in terms of content and time on task. Our ability to deal with these increases within the confines of the six (6) period 165 day school year becomes very difficult. Generally speaking, we can offer fewer subjects in a six (6) period day than we can offer in a seven (7) period day and we have less time available in a 165 day year than a 180 day year.

The Committee's preliminary recommendation to the Board has been to change to a traditional seven (7) period 180 day school year with a six (6) week summer quarter. The primary advantage associated with this alternative is that it would provide greater opportunity to all students in relation to the new minimum standards. In order to implement this plan the student day would still have to be increased by eleven minutes in order to meet minimum time requirements. The committee is continuing to evaluate proposals at the request of the Board of Education.

School officials are also investigating funding alternatives for an addition to the Vocational Agriculture facility. In their annual report to the State Board of Education the New Hampshire Advisory Council for Vocational Technical Education advised that Alvirne High School have its designation changed to a Vocational Center rather than a sub—center thus making it eligible for state construction funds. This request, however, was denied by the State Board of Education.

The Alvirne Agricultural Advisory Committee, under the chairmanship of Mr. Donald Shepard, has been working in close conjunction with the Hudson Board of Education and the Alvirne Trustees to finance an addition but, to date, have not successfully developed an affordable proposal.

The Health Education Committee is in the process of completing a new comprehensive health education curriculum designed after the Muscogee Health

Project in Muscogee County, Georgia. The Muscogee Project involves students, readiness through twelfth grade, in a comprehensive health program that includes such topics as safety; nutrition; personal hygiene; first aid; community and consumer health; substance use and misuse; physical fitness etc. All topics are tastefully handled and systematically taught to avoid repetition.

The Health Education Committee made an interim report to the Hudson Board of Education in June of 1984 and will submit their final report early in 1985. In anticipation of implementing the overall program in grades 1 — 12 the Board converted an existing position at Hudson Memorial to a part time health education position for September of 1984 and will make that a full time health education position in September of 1985.

The implementation of a comprehensive program of computer education continues to be a major goal of the school district. During the 1984—85 academic year we have added 32 additional micro—computers to Alvirne High School funded through Chapter II of the Elementary and Secondary Education Act of 1965 (Bloc Grant). These computers have been used to complete our word processing lab and to create a new lab where students can work independently or teachers can bring classes to work on class assignments. Our Computer Education Committee, under the direction of Dr. Mark Piechota (Asst. Principal at Alvirne High School), is in the process of developing a new three (3) year plan to continue our program of implementing computers into the instructional process.

Two new goals involve a review of promotion and graduation requirements as well as a review of our library services. A committee, under the chairmanship of Dr. B. J. Lates (Asst. Principal at Griffin Memorial School), is in the process of reviewing promotional requirements at all grade levels and graduation requirements at Alvirne High School. In the near future we will initiate a review of our library services program.

Our proposed FY86 school budget reflects a 7.4% increase over the FY85 appropriation. However, salaries and fixed charges represent a 6.56% increase leaving only a .86% of the increase in all other accounts. The salary increase represents a 9% salary increase for members of the bargaining unit in the second year of a three year contract as well as salaries for two new teachers.

In its now famous report, "A Nation at Risk", the National Commission on Excellence in Education recommended that "Salaries for the teaching profession should be increased and should be professionally competitive and market sensitive". In its report on the "Condition of Teaching" the Carnegie Foundation reported that in 1982—83 the average teacher salary for the fifty states and the District of Columbia was \$20,531. In the list of average teacher salaries New Hampshire ranked 48th out of 51 with an average teacher salary of \$15,353. In the 1984—85 academic year the average teacher salary in Hudson is \$18,784 and that is with ten or more years of experience.

Abysmally low teacher salaries coupled with a new teacher shortage that will grow dramatically in the late 1980's and 1990's poses a serious threat to the quality of public education. The reasons for this new teacher shortage are quickly becoming evident. Teacher training institutions are graduating fewer teachers as students opt for more lucrative professional choices. In addition women and minorities are choosing other careers rather than the more traditional

alternatives. The prevailing reason, however, continues to be better financial incentives in the private sector.

This coupled with a baby boomlet that began in the early 1980's and has started to move through the primary grades this year creates a serious situation. Secondary schools will also feel the crunch especially in subjects such as math and science. The National Center for Educational Statistics projects a shortage of about 11,000 teachers starting this year and growing to 18000 in 1987. By the turn of the century the demand is expected to exceed the supply of new teachers by a cumulative 278,000 teachers.

A significant increase in teacher salaries is critical if we are to continue to attract and hold good teachers. An improvement in working conditions is also important to help curb the effects of this proposed teacher shortage.

We also included in our FY86 budget a request for a new special needs teacher as well as a mathematics teacher for Alvirne High School. Currently we have 135 students receiving special education services in one resource room and one special needs class. State regulations require that a resource room shall service no more than twelve (12) handicapped students without additional support services. In many instances our present resource room is out of compliance. The special needs class services handicapped students who may spend more than 50% of their day in a single environment. This class is supposed to be limited to a maximum of eight (8) but in many instances increases to fourteen (14) and more during any given period. The additional teacher and aide are sorely needed to bring our special needs program in compliance and to offer a suitable educational program.

We are currently requiring an additional year of math for graduation and will soon be implementing a mandatory one—half ($\frac{1}{2}$) unit in computer science for graduation. These requirements coupled with a steady increase in demand for computer courses has placed a serious burden on the math department, therefore necessitating the addition of a math teacher.

Inflation and rising costs continue to place a burden on our budgetary process as it does with all citizens within the community. These escalating costs place a serious strain on a tight budget designed to make the educational process as cost effective as possible. We seek your cooperation and understanding as we attempt to meet our responsibilities in a fiscally responsible fashion while continuing to offer a quality educational program.

In closing I would like to thank the School Board, Mr. Burton, Mr. O'Shea, Mr. Scott, Mr. Nase, Mrs. Stone, Mr. Keeser, Mr. Cunneen and the entire school staff for their unfailing cooperation and, finally, the citizens of Hudson for their continued commitment to excellence in the total educational program.

Respectfully submitted,

Peter G. Dolloff
Superintendent of Schools

HUDSON SCHOOL DISTRICT

DISTRIBUTION OF THE SCHOOL DOLLAR

1985-86

SCHOOL DISTRICT WARRANT
MARCH 8, 1985
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Hudson in the County of Hillsborough and State of New Hampshire qualified to vote upon district affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE MEMORIAL SCHOOL IN SAID DISTRICT, THE 8TH DAY OF MARCH, 1985 at 7:30 P.M. TO ACT UPON THE FOLLOWING SUBJECTS:

1. To see if the District will vote to raise and appropriate the sum of \$3,592,730 to fund all cost items relating to teachers' salaries and benefits for the 1985-86 school fiscal year, \$271,742 of such sum representing the cost of those additional salaries and benefits offered to teachers by the School Board in the latest bargaining sessions. (Recommended by the Budget Committee)
2. To see what sum of money the District will raise and appropriate for operational expenses for the forthcoming year, excluding that sum of money raised and appropriated under article I and III of this warrant.
3. To see if the District will vote to raise and appropriate the sum of \$96,000 to re-roof the Webster School and the sloped roofs of the Dr. H.O. Smith School and to provide new windows and ventilation for the gym and windows for two classrooms at the Dr. H.O. Smith School. (Recommended by the Budget Committee)
4. To see if the District will vote to rescind its vote to elect its district officers by separate ballot at the town election and instead to elect such officers at the School District Annual Meeting. If adopted this article will become null and void in the event that the Town of Hudson does not adopt a Town Charter at the Town's 1985 Annual Town Meeting.
5. To see if the District will vote to establish an eleven-member Advisory Finance Committee commencing January 1, 1986. From the date of the establishment of the Committee until the conclusion of the 1986 Annual Hudson School District Meeting, the members of the Finance Committee will be those persons who would have been members of the Hudson Budget Committee if the Hudson Budget Committee had continued as a duly-constituted town body. At the conclusion of the 1986 annual meeting, the School District Moderator will appoint nine members to a newly-formed Finance Committee. The Moderator may, but need not, appoint to the Advisory Finance Committee those people who were members of the Hudson Budget Committee prior to its dissolution. He shall appoint to the Committee, three persons to a one-year term, three persons to a two-year term and three persons to a three-year term. In each succeeding year following the conclusion of the deliberative school district meetings for those years, he shall appoint three persons to a three year term. At the conclusion of the 1986 Annual Hudson School District Meeting, the School Board shall appoint to the Committee, two of its members who will serve for one year terms. In each succeeding year following the Annual Meeting of that year, the School

Board will appoint two if its members to the Committee. School Board appointees, at the pleasure of the School Board, may succeed themselves. Any vacancy shall be filled within a reasonable time by the appointing authority, the Moderator or the School Board, as the case may be. Any appointee to a vacancy shall serve out the term of office of the person whom the appointee replaces. If adopted this article will become null and void in the event that the Town of Hudson does not adopt a Town Charter at the Town's 1985 Annual Town Meeting.

6. By Petition: To see if the School District will vote to include competitive football in the Alvirne High School athletic program.
7. By Petition: To see if the School District will vote to raise and appropriate the sum of \$50,000 to provide for the operational costs and facilities investments for competitive football at Alvirne High School. (Not Recommended by the Budget Committee)
8. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from the state, Federal or other governmental unit or a private source which becomes available during the school fiscal year provided that such expenditure be made for purposes for which a school district may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.

GIVEN UNDER OUR HANDS AT SAID, HUDSON, NEW HAMPSHIRE ON
THIS 18th DAY OF FEBRUARY, 1985.

Robert L. Cote, Chairman
Paul A. Madison
Barbara A. Tellinghuisen
Margaret J. Erb
M. Jean Grant

A true Copy of Warrant - Attest:

**HUDSON SCHOOL DISTRICT
ANNUAL BUSINESS MEETING
HUDSON MEMORIAL SCHOOL
MARCH 9, 1984**

Hudson School District Moderator Richard Dolbec called the annual Hudson School District meeting to order at 7:30 p.m. on March 9, 1984, in the Auditorium at Hudson Memorial School. Mr. Paul Madison, Chairman of the School Board, opened the ceremonies by leading the attending audience in reciting the Pledge of Allegiance to the Flag of the United States of America.

The Moderator read the School District Warrant to attendees of the meeting. He then reported that there were two non—voters on the floor, explaining that the School Board had requested that Debra Roody and Richard O'Shea, employees of the School District, be allowed to sit at the front of the room. He then also noted that Miss Jo—Ann Goslin, a representative of the press from the **Nashua Telegraph** was seated in the front row, and if there was no objection that they be allowed to remain on the floor.

1. ARTICLE I — The Moderator read Article I. Mr. Shawn Jasper made a motion to alter the order of the business by taking up, Article II before Article I. Mr. Lesley Erb seconded the motion.

Mr. Jasper spoke on his motion, contending that there was a need to reverse the order of these two articles on the agenda because the largest portion of a proposed budget committee cut in the school budget would come under Article II. Mr. Jasper also gave his reasoning regarding the probable cutting of the budget with respect to the teachers' salaries.

Mr. Cote, member of the School Board, spoke against the motion, claiming that any cuts on this budget should come from the vote of the people, not by Mr. Jasper. He also added that the Warrant was duly posted in this order and that the business of the day therefore should be done in this order.

Mr. Jasper replied that the School Budget Article had been placed after the teachers' salary article in previous years, by the School Board.

A voice vote was taken; the Moderator declared the **vote to be in the affirmative**, and that, as a result of that vote, Article II would be the first item on the agenda.

2. ARTICLE II — The Moderator read Article II. Mr. Joseph Jacquet moved that they adopt the sum of \$3,269,443.00, adding that this figure represents the Budget Committee's recommended cut for Article II. Mr. Michael Ray seconded Mr. Jasper's amended motion. Mr. Jasper spoke on his amendment, citing various reasons for the budget cut—particularly, because of his feeling that the salary increase was excessively high. He referred briefly to the present salaries of teachers in the District, pointing out that the proposed respective cuts would amount to a savings of \$85,063.00. Mr. Bruce Monk spoke against the amendment, alluding to salaries in the business community vs. teachers salaries with specific references being made to the number of degrees many teachers have in the system, and contending that teachers' salaries are out of line with the higher salaries prevalent in the business community.

Mr. Robert Cote spoke against the amendment. He presented a slide presentation outlining average salary information from surrounding districts.

Mr. Kenneth Massey asked if approval of this amendment would mean that the contract negotiations were rescinded or would the reduction be made in the present staff. Mr. Paul Madison replied that any reduction would come out of the teachers' salaries, and would mean negotiating with the bargaining unit.

Mr. Massey spoke against the amendment, claiming that this is the wrong place to bargain; he contended that any negotiations should be made with the bargaining unit and not be taken away at a Town Meeting.

Mr. Philip Sweeney spoke in opposition to the amendment. Mr. Sweeney referred to salaries earned in the 1960's, pointing out that Hudson had the poorest pay scale in the area. He spoke in favor of the School Board Budget, praising the excellent quality of education in Hudson.

Mr. Lionel Boucher spoke in opposition to the amendment. He referred to the quality of education in the system as well as the dedication of the teachers and asked the town to approve the School Board's Budget, showing the Town's vote of confidence to the teachers.

Mr. Paul Madison then referred to the Standardized Achievement Test Scores, pointing out that Hudson is excelling in high ratings in the national ratings.

Mr. William Irwin made a motion for the previous question. Mr. Donald Shepherd seconded the motion. The Moderator put the motion, "for the previous question", to a vote. It was declared in the affirmative by more than 2/3rds majority. Mr. Shawn Jasper requested a secret ballot on the amendment to Article II.

The meeting recessed at 8:00 p.m. Moderator Dolbec declared the polls closed on the secret ballot for the Amendment to Article II at 8:35 p.m.

The collected ballots were then counted, being tallied as 91 YES votes, and 216 NO votes. The Moderator declared that **the amendment to ARTICLE II was lost.**

3. ARTICLE II—Mr. William Irvin asked if the six proposed new teaching positions—i.e., salaries and benefits—were included in this figure.

Mr. Madison stated that the six new positions were contained not in Article II but in Article I, which was to be considered later on in the meeting.

A voice vote was taken; the Moderator declared the vote to be in the affirmative, with the result that **Article II was adopted** unanimously.

4. ARTICLE I — Mr. Joseph Jacquet made a motion that \$5,453,771.00 for the operational expenses for the forthcoming year, be adopted. Mr. Massey seconded the motion. Complaints were received from members of the audience that articles were being voted upon too quickly. Mr. Irwin stated that he would like to make an amendment to the motion—i.e., to hire three teachers, rather than the six proposed, and to appropriate sufficient monies for that purpose.

Considerable discussion and questions were asked to the School Board regarding the need for the additional request for staff. Mr. Madison yielded to the questions, giving an in—depth accounting, noting percentages and ratios of students vs. teachers in the system, and specifically noting troublesome areas in the math, English, and social study subjects. Concerns were voiced on whether these teachers would be used specifically as study hall monitors or would actually be teaching subjects. Mr. Madison replied that these new positions entail two positions in guidance, and the remaining as instructions, basically teaching five periods and one planned study per day.

Supt. Dolloff reinforced Mr. Madison's statement that, of those four positions, all will be teaching five periods with one planned study period, the same as the other staff. Mr. Boucher questioned again what the plans were for the increased personnel. Supt. Dolloff explained the past reasoning for initiating the large study hall, adding that, as a result of the increased four positions, smaller study halls will be scheduled. Supt. Dolloff then referred to the New England Association of Schools and Colleges, noting the need to be fully accredited by the agency. He pointed out that the recent evaluation by that group had included the recommendation to do away with the large study hall.

Mr. Irwin made a motion, to amend Mr. Jacquet's figure and to allow the School District to raise the sum of \$5,395,162.00 for operational expenses for the forthcoming year and to exclude the sum of money appropriated under Article II of this warrant. Mr. Boucher seconded the motion. Mr. Irwin spoke on his motion, claiming that less staff was needed and then complained about the figures being given. Mr. Boucher stated that he did not wish to pay for teachers that the town does not need, for which reason he supported the amendment.

Mr. Jasper claimed that seven new positions were actually being added — i.e., four teachers, two guidance counselors, and one bus driver. He then added that current enrollment figures are dropping.

Mr. Cote replied that the collective study—hall situation established by the School Board a number of years ago has created a problem now. He also pointed out that study time within the school is not being used properly, and the 300 students in the cafeteria / study hall is not an educationally sound situation. He urged that this amendment be defeated.

Mr. Ralph Burgess asked about expected school enrollment, specifically asking about student / teacher ratio.

Mr. Madison replied that the current Board is concerned with the present inadequate staffing at the High School, and the quality of education. He stated that there is insufficient staffing at the High School at the present time. Should over—staffing become a problem in future years, he argued, a reduction will be made through attrition.

Mr. Robert Jasper referred to the 2900 Series (i.e., support services), asking what was included in the \$168,000.00. Mr. Madison replied that this covered the Blue Cross / Blue Shield insurance plan.

Mr. Don Dion spoke in opposition to the amendment; he complained that the large study hall is a complete waste of students' time. He also raised the issue that some action should be done to correct the year—round system, which to his mind was not working to its fullest potential, and he asked that this matter also be addressed.

Mrs. Sylvia Jurkowski spoke in opposition to the amendment. She suggested that the current insurance plan be changed. Mr. Madison replied that the Board is actively pursuing alternate plans, adding that the Board wishes to offer an equitable program to the employees.

Mrs. Jurkowski asked if the year—round system was fully utilized. She spoke at length regarding the small classes during summer session, contending that five students in a class was not right.

Mr. Fidele Bernasconi asked how the total proposed budget would affect the tax rate. Mrs. Margaret Erb replied that this budget would add \$2.42 per thousand.

Mr. Jon Limmer asked whether, if the school population should decrease and a teacher left the system, the population of the staff would be reduced through attrition. Mr. Madison replied in the affirmative. Continued discussion centered on replacement of staff members in the system.

Mr. Madison explained the reason for the proposed tax rate increase of \$2.42, expounding on the tax rate base being increased and adding that this is also affecting the dollar on the tax rate.

Mr. Ron Maartmann—Mae asked what effect the increase of the three positions would have on the tax rate. Mr. Madison replied that \$117,000.00 is the proposed figure for six additional positions; simply dividing this figure in half, he added, amounts to 20 cents on the tax dollar.

Mr. Ken Clark spoke at length on the need to maintain the quality of education, declaring that the town must educate the children for the real competition in the marketplace.

Mr. John Bednar stated that the time is soon coming when people who have an interest in education cannot serve on the School Board. He claimed that tonight there was strictly a one—sided approach to the problem. He complained about the increase in the tax rate, stating that the town is going deeper and deeper in debt. He cautioned the people about spending the tax base before it is received by the town.

Mr. Donald Sheperd spoke in opposition to the amendment. He then complained that he found himself to be missing approximately \$50,000.00 from the budget when he added the figures from Article I and Article II. Mr. Madison pointed out that the missing amount is in Article III, which will be dealt with separately.

Mr. Bruce Monk stated that the six additional positions appeared to be a very good investment.

Mr. Jasper spoke of the proposed \$700,000.00 increase in the budget. He emphatically stated that he was not anti—teacher, only anti—gravy. He then noted that the concern is of large classrooms—i.e., 30 in a room. He pointed out that, upon graduation and entering college, these same students would find themselves in a 700—student classroom situation.

Mr. Boucher stated that in his mind the study periods are the biggest waste of educational time. He spoke in favor of the amendment. He also asserted that extra teachers are not going to accomplish a thing.

Mr. Massey stressed the need for qualified education, speaking at length for the need of science and math courses.

Mr. Madison made a motion for the previous question. Mr. Jacquet seconded the motion. A voice vote was taken on the previous question; the Moderator declared the vote in the affirmative by a two—thirds. Moderator Dolbec then explained that the vote would now be on the amendment presented by Mr. Irwin. A voice vote was taken; the Moderator declared the **vote in the negative**; that the **amendment to Article I was lost**.

A voice vote was taken on Article I; the Moderator declared that the vote on Article I was in the affirmative and that **Article I was adopted**.

5. ARTICLE III was read by the Moderator—Mr. Jasper moved the adoption Mr. Madison seconded the motion.

Mr. Peter Lanzillo commended the quality of education, as well as the teachers responsible for this. He then complained that the house appeared to be very lopsided tonight, however, and he expressed opposition to the concept that the teachers should have the ability to vote for their own contract. He stated that this money could be better spent than on an athletic field and asked that the people vote against this article.

Mr. Jasper asked how much money the School Board had in the capital reserve fund, and he then urged discretion in expanding the athletic field any further. He suggested that the surplus should be used for lowering the tax rate.

Mr. Madison stated that there is a balance of \$90,000.00 in the fund. He stated that about \$160,000.00 has already been spent on the expansion of this field.

Mr. Jim Sullivan spoke in favor of the article, stressing the need for an asphalt track.

Mr. Erb asked that any surplus funds be applied toward education, or else be used to reduce the tax rate. He stated that he did not wish to see any unnecessary frills added to the budget.

Mr. Jasper asked what the cost would be in the construction of the rubberized track. Mr. Madison replied that a rubberized track would cost somewhere in the vicinity of \$250,000.00

Mr. Boucher requested that an amendment be added to the article. He then made an motion to direct the School Board that all unexpended balances and all unanticipated revenues, not to exceed \$50,000.00, remaining at the end of the 1984 fiscal year, be placed in the Alvirne High School Farm program and to establish a capital reserve fund for that purpose. Supt. Dolloff stated that this amendment is not acceptable, pointing out that the warrant has already been posted. The motion was seconded by Mr. Jasper. The Moderator ruled the motion out of order because the Farm program was not part of the original warrant article for which the town had been duly warned.

Mr. Boucher stated that he wished to appeal the ruling of the Moderator to the floor, and he asked the Moderator to poll the house. The Moderator stated that he would honor the appeal. The Moderator also stated that he would put a question to the floor of the house to see if the ruling of the Moderator would be upheld. He explained that a YES vote was for upholding the rule of the chair and a NO vote was against the ruling. A vote was taken; the Moderator declared that the vote was almost unanimously in the affirmative, and the appeal was lost. **The ruling of the chair was upheld.**

Mr. Shepherd spoke in favor of Article III. He also pointed out that \$30,000.00 of the \$90,000.00 currently under discussion was donated from the Alvirne High School Trust Fund solely for the purpose of constructing a track.

Mrs. Eleanor Cropley spoke against this amendment. She claimed that to spend \$50,000.00 on a track would be extremely frivolous.

Mr. Philip Sweeney pointed out that the runners must practice on the local roadways in the community. He also pointed out that there are no home meets because of the lack of a track, adding that this problem would then be alleviated.

Mr. Madison agreed that the runners currently are running along Rte. 102 and that this is a dangerous situation.

Mr. Shane Rau pointed out that specific emphasis had been placed on quality education this evening, and he asked why should the Town not spend \$50,000.00 on the safety of the students in the track program.

Mr. Steve Dube spoke on the numerous injuries experienced by the athletes because of running under adverse conditions.

Ms. Ilene Summers asked how many students would be using this track, adding that she is basing her inquiries on the fact that the student population does not get enough gym as it is. Supt. Dolloff stated that all of the students would be able to use this track. He also pointed out that this track would be available to the community as well. In conclusion he stated that 150 to 200 youngsters are actively involved in the official track program.

Mr. George Baker moved “for the previous question.” Mr. Cote seconded the motion. The Moderator accepted the motion for the previous question. A voice vote was taken; the moderator declared it to be in the affirmative, and that the debate was closed. A voice vote was taken on the adoption of Article III; the Moderator declared the vote in the affirmative and declared that **Article III was adopted.**

6. **ARTICLE IV** was read by the Moderator—Mr. Jacquet moved the adoption. Ms. Gordon seconded the motion. A voice vote was taken; the Moderator declared the vote in the affirmative, stating that **Article IV was adopted.**

7. **ARTICLE V** was read by the Moderator—Mr. Jacquet moved the adoption. Ms. Gordon seconded the motion. Mrs. Del Clark asked whether, if the road improvement proposal is not accepted at Town Meeting, would this land would revert back to the School District. Supt. Dolloff replied in the affirmative. A voice vote was taken; the Moderator declared the vote in the affirmative. **Article V was adopted** unanimously.

8. **ARTICLE VI** was read by the Moderator—Ms. Gordon Moved the adoption. Mr. Shepherd seconded the motion. A voice vote was taken; the Moderator declared the vote in the affirmative. **Article VI was adopted** unanimously.

9. Mr. Michael Stetson made a motion that the meeting be adjourned. Mr. Madison seconded the motion. A voice vote was taken; the Moderator declared the vote in the affirmative, and he adjourned the meeting at 10:25 p.m.

Accountant's Report on Internal Accounting Control

To the Members of the School Board
Hudson School District
Hudson, New Hampshire

We have examined the combined financial statements of the Hudson School District for the year ended June 30, 1984, and have issued our report thereon dated September 12, 1984. As part of our examination, we made a study and evaluation of the School District's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the School District's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The management of the Hudson School District is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting of the Hudson School District, taken as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

This report is intended solely for the use of the Hudson School District, State of New Hampshire and the cognizant and other federal audit agencies and should not be used for any other purpose.

Accountant's Report on Compliance

To the Members of the School Board
Hudson School District
Hudson, New Hampshire

We have examined the combined financial statements of the Hudson School District as of and for the year ended June 30, 1984, and have issued our report thereon dated September 12, 1984. Our examination was made in accordance with generally accepted auditing standards, the provisions of "Standards for Audit of Governmental Organizations, Programs, Activities and Functions", promulgated by the Comptroller General, which pertain to financial and compliance audits; the Office of Management and Budget's "Major Compliance Features of Programs Administered by State and Local Governments" (the approved compliance supplement); and, except as described in the following paragraphs, provisions of Office of Management and Budget (OMB) circular 'A-102, "Uniform Administrative Requirements for Grants—In—Aid to State and Local Governments", Attachment P, "Audit Requirements" and the Guidelines for Financial and Compliance Audits of Federally Assisted Programs (Guidelines), and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The reporting objectives for compliance audits contained in the Guidelines suggest an examination of all transactions for compliance purposes, as opposed to the selective testing required by Attachment P; therefore, we have followed the reporting objectives of Attachment P. In addition, the Guidelines do not provide sufficient guidance for determining the representative number of charges to be examined and performing the procedures to ascertain compliance. Accordingly, we utilized other materials as supplements in those areas.

Attachment P requires that the examination include a determination of whether the Federal financial reports (including financial status reports, cash reports, and claims for advances and reimbursements) prepared by the Hudson School District contain accurate and reliable financial data. We have been informed that OMB interprets the phrase "accurate and reliable financial data" to mean that the Federal financial reports present the underlying financial data of the grants within limits that are reasonable and practicable to attain under the circumstances.

In our opinion, except for the matters that might have come to our attention had our examination encompassed the provisions of the Guidelines referred to in the second preceding paragraph, for the tested operations and records, the Hudson School District complied with the material terms and conditions of its Federal grants, contracts and agreements, and the tested Federal financial reports present the underlying financial data of the grants within the limits described in the preceding paragraph. Further based upon our examination and the procedures referred to above and except for the matters that might have come to our attention had our examination encompassed the provisions of the Guidelines referred to in the second preceding paragraph, nothing came to our attention to indicate that the Hudson School District had not complied with the compliance matters referred to above, and the Federal financial reports do not present the underlying financial data of the grants within the limits described in the preceding paragraph.

This report is intended solely for the use of the Hudson School District and the cognizant audit agency and should not be used for any other purpose.

September 12, 1984

NOTES TO THE FINANCIAL STATEMENTS

June 30, 1984

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Fund Accounting

The accounts of the School District are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the School District:

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the School District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are Food Services, Federal Projects, and Alvirne Farm funds.

FIDUCIARY FUNDS

Trust and Agency Funds - Trust and Agency Funds are used to account for the assets held in trust or as an agent by the School District for others. The Capital Reserve Funds, Alvirne Trustees Fund, and Student Activities Funds are shown in this fund type.

B. Account Groups (Fixed Assets and Long-Term Liabilities)

All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 1984

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the School District does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

Long—term liabilities expected to be financed from governmental funds are accounted for in the General Long - Term Debt Account Group. This account group is not a fund. It is concerned only with the measurement of financial position and not results of operations. Since they do not affect net current assets, such long—term liabilities are not recognized as governmental fund type liabilities. They are instead reported as liabilities in the General Long—Term Debt Account Group.

C. Basis of Accounting

The accounts of the General, Special Revenue, and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the School District, when there is a probability that such judgments and claims will result in liabilities, the amounts of which can be reasonably estimated. Exceptions to this general rule include: 1) accumulated unpaid vacation and sick pay, and 2) principal and interest on general long—term debt which is recognized when due. All Agency funds are accounted for using the accrual basis of accounting.

D. budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the School Districts' operations. However, contrary to these requirements, and generally accepted accounting principles it has been the practice of the District not to budget for all special revenue funds; namely, the Food Service and Alvirne Farm Funds. State Statutes require balanced budgets and the use of beginning general fund unreserved fund balance to reduce District Assessments. In 1983—84, the beginning fund balance was applied as follows:

Unreserved fund balance used to reduce District Assessment	\$11,903
---	----------

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year—end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures and are, therefore, reported as part of the fund balance at June 30 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at June 30 consists of the following:

General Fund	
Instruction — Regular Education	\$ 170
Supporting Services — Guidance	27
Supporting Services — Educational Media	38
Supporting Services — General Administration	90
Facilities Acquisition and Construction	9,762
	\$10,087
Total	\$10,087
<u>Special Revenues Fund</u>	<u>\$5,116</u>
Federal Projects	

F. Inventories

Inventory in the General and Special Revenue funds consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

G. Accumulated Unpaid Vacation and Sick Pay

Teachers accumulate sick leave at a rate of 1.5 days per month accumulative to a maximum of 90 days, other employees accumulate at the same rate up to 102 days. Vacation is granted in varying amounts based on length of service for employees other than teachers. At June 30, 1984, unrecorded General Fund liability included approximately \$1,078,322 sick pay. Vacation pay accumulation does not exceed a normal year's allowance.

H. Interfund Transactions

During the course of normal operations the School District has numerous transactions between funds, including expenditures and transfers of resources to provide services. The accompanying governmental fund financial statements reflect such transactions as transfers.

I. Interfund Receivable and Payable Balances

Individual fund interfund receivable and payable balances at June 30, 1984, were as follows:

Fund	Interfund Receivables	Interfund Payables
General Fund	\$ 571	\$30,569
Special Revenue Funds		
Food Service Fund		
Federal Projects Fund	569	
Farm Fund		571
Capital Reserve Fund	30,000	
Totals	<u>\$31,140</u>	<u>\$31,140</u>

NOTE 2 — CHANGES IN LONG—TERM DEBT

The following is a summary of long—term debt transactions of the School District for the fiscal year ended June 30, 1984.

General Obligation Debt

Long—term Debt Payable July 1, 1983	\$1,959,168
Long—term Debt Retired	<u>339,722</u>
Long—term Debt Payable June 30, 1984	\$1,619,446

Long—term debt payable at June 30, 1984, is comprised of the following individual issues:

General Obligation debt

\$1,000,000 1965 Middle School Building Bonds due in annual installments of \$50,000 through August 15, 1985; interest at 3.30%	\$100,000
\$85,000 Middle School Building Notes due in annual installments of \$4,722 through September 1, 1985; interest at 4.0%	9,446
\$740,000 Hudson Memorial Addition School Bonds due in annual installments of \$35,000 through June 1, 1989; interest at 5.5%	175,000

\$2,000,000 Alvirne High School Bonds due
in annual installments of \$135,000
through 1985 and \$130,000 through
June 1, 1990; interest at 6.6% 785,000

\$615,000 School Building Acquisition
Bonds due in annual installments of
\$60,000 through July 15, 1987;
interest at 4.5% 240,000

\$530,000 School Bus Purchase Bonds due
in annual installments of \$55,000
through 1986 and \$50,000 through
May 1, 1990; interest at 7.20% 310,000

Total \$1,619,446

The annual requirements to amortize all debt outstanding as of June 30, 1984, including interest payments, are as follows:

Annual Requirements To Amortize Long—Term Debt

Fiscal Year Ending June 30	General Obligation Debt		
	Principal	Interest	Total
1985	\$ 339,723	\$ 95,963	\$ 435,686
1986	334,723	76,629	411,352
1987	275,000	58,545	333,545
1988	275,000	41,740	316,740
1989	215,000	26,285	241,285
1990	180,000	12,180	192,180
TOTAL	\$1,619,446	\$311,342	\$1,930,788

All debt is general obligation debt of the School District, which is backed by its full faith and credit.

All debt is general obligation debt of the School District, which is backed by its full faith and credit.

NOTE 3 — PENSION PLAN

The teachers and employees are covered under the State of New Hampshire Retirement System. The District's contributive or normal cost of the plan is based upon an actuarial valuation of the entire State plan. Since the actuarial valuation is performed on the entire State plan the amount, if any, of the excess of vested benefits over pension fund assets for the Hudson School District is not available. The District does not have an accrued liability for past service costs. The retirement cost for 1983—84 was \$40,280.

NOTE 4 — ALVIRNE TRUSTEES FUND

The Alvirne Trustees Fund consists of monies received from the Alvirne School Trustees, a private charitable corporation. An annual budget is prepared by the School Board for approval by the Trustees. Throughout the year, separate expenditure manifests are approved by the School Board and submitted to the Trustees for reimbursement for payments made from the fund.

There is no inclusion of either the estimated revenues or expenditures in the general operating budget of the School District, contrary to State requirements, in accordance with the provisions of the Municipal Budget Law.

NOTE 5 — TRANSFER FROM UNRESERVED FUND BALANCE — CAPITAL RESERVE FUND

At the March 9, 1984 District Meeting, the District voted to deposit all unexpended balances and all unanticipated revenues not to exceed \$50,000, remaining at June 30, 1984 in the Alvirne High School Athletic Field Capital Reserve Fund. This fund is in the custody of the Trustees of Trust Funds of the Town of Hudson, in conformity with State Statutes. The fund balance is \$140,367 at June 30, 1984.

HUDSON VOTING WARRANT
MARCH 12, 1985
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Hudson in the County of Hillsborough and State of New Hampshire qualified to vote upon district affairs.

YOU ARE HEREBY NOTIFIED TO MEET AT THE HUDSON LIONS' CLUB HALL IN SAID DISTRICT ON TUESDAY, THE 12th DAY OF MARCH 1985, AT 7:00 O'CLOCK IN THE FORENOON TO ACT UPON THE FOLLOWING QUESTIONS:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.

POLLS WILL BE OPEN FROM 7:00 a.m. AND WILL CLOSE NO EARLIER THAN 6:00 p.m.

GIVEN UNDER OUR HANDS AT SAID HUDSON THIS 11th DAY OF FEBRUARY 1985.

Robert L. Cote, Chairman
Paul A. Madison
Barbara A. Tellinghuisen
Margaret J. Erb
M. Jean Grant

A true Copy of Warrant - Attest:

**TOWN WARRANT
THE TOWN OF HUDSON
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of Hudson, in the County of Hillsborough in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Hudson Lions Hall, in said Hudson, on Tuesday, March 12, 1985, to elect Town Officers for the ensuing year and to vote on the following referendum questions:

1. Shall the municipality approve the new charter recommended by the charter commission?

YES NO

2. Shall we permit the public library to retain all money it receives from its income-generating equipment to be used for general repairs and upgrading and for the purchase of books, supplies, and income-generating equipment?
(By Petition)

YES NO

ZONING REFERENDUM QUESTIONS

1. Are you in favor of the adoption of amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Description: The proposed amendment would amend article I, Sections 4.0(a) and 5.0 (d) to exempt fences from building setbacks but not allow fences to be erected directly on a property line.

(Approved by the Planning Board)

2. Are you in favor of the adoption of amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Description: The proposed amendment would allow public utilities to erect structures of less than 200 sq. ft. that do not meet the minimum setback, frontage and lot size requirements only with Planning Board approval; and to define Public Utility according to RSA 362:2.

(Approved by the Planning Board)

3. Are you in favor of the adoption of amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Description: The proposed amendment would define "Highway" in Article IX. Section 1.0(aa) to conform to the Master Plan.

(Approved by the Planning Board)

4. Are you in favor of the adoption of amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Description: The proposed amendment would amend Article III, Section (b)2 to allow Day Care Centers as a part of a business or industry to service its employees in the B-1 and B-2 (Business), C (Industrial), and D (Rural) Zones.

(Approved by the Planning Board)

5. Are you in favor of the adoption of amendment No. 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Description: The proposed amendment would amend Article IV (Sign Ordinance) to remove unnecessary language and sections and provide for easier enforcement and to allow political signs in all zones with regulations governing them.

(Approved by the Planning Board)

6. Are you in favor of the adoption of amendment No. 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Description: The proposed amendment would amend Article X (Administration) to govern the issuance of permits; remove references to building codes and minimum foundation sizes for multifamily structures; prohibit more than one single family or duplex on one lot; require dual frontage and lot size for 2 principle uses on one lot; and place the setting of building permit fees in the Office of Selectmen.

(Approved by the Planning Board)

7. Are you in favor of the adoption of amendment No. 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Description: The proposed amendment would rewrite the Wetlands Ordinance (Article I, Section 7.0) to clarify the purpose and the application procedure for special exceptions.
(Approved by the Planning Board)

8. Are you in favor of the adoption of amendment No. 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Description: The proposed amendment would create a "Planned Residential Development Ordinance" permitted in the A-1 and A-2 Residential Zones. A development must have Town sewer and water, be subject to Site Plan Review by the Planning Board, have a minimum of 10 acres and 500 feet of frontage.
(Approved by the Planning Board)

9. Are you in favor of the adoption of amendment No. 9 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would create a new residential zone (A-1SF) which would allow only single family homes, and rezone from A-1 to A-1SF the Woodcrest Subdivision.
(Approved by the Planning Board)

10. Are you in favor of the adoption of amendment No. 10 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would rezone the split zoned lots in the Birchcroft Subdivision between Lowell Road and Birch Street from Winnhaven Drive to the Cumberland Farms lot so that residential uses are in the A-1 Zone and business uses are in the B-1 Zone.
(Disapproved by the Planning Board)

11. Are you in favor of the adoption of amendment No. 11 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would rezone from Residential (A-1) to Business (B-1) a 110 ft. by 240 ft. portion of the Legion Property on Birch Street (Map 45, Lot 149).
(Disapproved by the Planning Board)

12. Are you in favor of the adoption of amendment No. 12 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would rezone from Industrial (C) to Residential (A-2) the area north of Rt. 111 bounded by Barretts Hill Road, Dugout Road, Lawrence Road, Griffin Road, York Road and Bockes Road.
(Approved by the Planning Board)

13. Are you in favor of the adoption of amendments No. 13 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would rezone from Industrial (C) to Business (B-2) a strip of land on the west side of Lowell Road from Executive Drive to Sagamore Park Road.
(Disapproved by the Planning Board)

14. Are you in favor of the adoption of amendment No. 14 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would rezone from Residential (A-2) to Business (B-2) the Topspin and Restaurant lots on the east side of Lowell Road.
(Disapproved by the Planning Board)

15. Are you in favor of the adoption of amendment No. 15 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would create a new multi-family zone (A-3) which permits residential and multifamily uses and rezone from Rural (D) to (A-3) 3 lots on the south westerly side of Clement Road.
(Disapproved by the Planning Board)

16. Are you in favor of the adoption of amendment No. 16 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would rezone from Rural (D) to Business (B-1) 3 lots on the south westerly side of Clement Road.
(Disapproved by the Planning Board)

17. Are you in favor of the adoption of amendment No. 17 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would create a new multi-family zone (A-3) which permits residential and multifamily uses and to rezone from industrial (C) to (A-3) part of lot 88 of Tax Map 31 on the easterly side of Barretts Hill Road and southerly side of Dugout Road.
(Disapproved by the Planning Board)

18. Are you in favor of the adoption of amendment No. 18 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would create a new multi-family zone (A-3) which permits residential and multifamily uses and to rezone from Industrial (C) to (A-3) lots 81 to 89 of Tax Map 31 on the easterly side of Barretts Hill Road and the southerly side of Dugout Road.
(Disapproved by the Planning Board)

19. Are you in favor of the adoption of amendment No. 19 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would rezone from Industrial to Business (B-1) part of lot 88 of Tax Map 31, easterly of Barretts Hill Road and southerly of Dugout Road.
(Disapproved by the Planning Board)

20. Are you in favor of the adoption of amendment No. 20 as proposed by petition of the voters of the Town as follows?

Description: The proposed amendment would rezone from Industrial (C) to Business (B-1) lots 81 to 89 of Tax Map 31, easterly of Barretts Hill Road and southerly of Dugout Road.

(Disapproved by the Planning Board)

The following Articles of the Warrant are to be taken up on Friday, March 15, 1985 at the Hudson Memorial School Auditorium in said Hudson at 7:00 PM:

1. To see if the Town will vote to raise and appropriate a sum of \$980,000.00 for the purpose of constructing the proposed addition to the Hills Memorial Library, as defined in a set of plans authorized by action of the March 14, 1978 Town Meeting, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$980,000.00 under in compliance with, the provisions of the Municipal Finance Act (N.H. RSA 33:1 et seq., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon, and take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Hudson; and to allow the Selectmen and/or the Library Trustees to apply for, accept, and expend such federal funds or grants as may be available from federal agencies or programs, and such state or private grants or funds as may be available for the project, utilizing such grants or funds to reduce the funds to be raised and appropriated hereunder as may be determined by the Selectmen; or to take any other action relative thereto.

(By Petition)

(Recommended by Budget Committee)

2. To see if the Town will vote to raise and appropriate the sum of \$188,000.00 for the purpose of designing and constructing facilities to make the Hills Memorial Library accessible to the handicapped pursuant to State Law. Such sum is to be raised by the issuance of Serial Bonds or Notes not to exceed \$188,000.00 under, and in compliance with, the provisions of the Municipal Finance Act (NH RSA 33:1 et seq., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest in the Town of Hudson; and to allow the Selectmen and/or the Library Trustees to apply for, accept, and to expend such federal funds or grants as may be available from federal agencies or programs, utilizing such grants or funds to reduce the funds to be raised and appropriated hereunder as may be determined by the Selectmen; or to take any other action relative thereto.

(By Petition)

(Recommended by Budget Committee)

3. To see if the Town will vote to raise and appropriate the sum of \$450,000.00 for the construction of a new Highway Facility, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$450,000.00 under and in compliance with the Municipal Finance Act (N.H. RSA 33:1 et seq as amended), to authorize the Selectmen to issue and negotiate such Bonds or

Notes and to determine the rate of interest thereon, and to take such other action as may be necessary to effect the issuance, negotiation, sale and delivery of such Bonds or Notes as shall be in the best interest of the Town of Hudson; and to take any other action relative thereto.

(By Petition)

(Recommended by Budget Committee)

4. To see if the Town will vote to raise and appropriate the sum of \$840,000.00 for the purpose of designing and constructing new facilities for the Hudson Police Department, said appropriated funds to cover the cost of designing, site work, construction, finish work, and fuel station. Such sum is to be raised by the issuance of Serial Bonds or Notes not to exceed \$840,000.00 under, and in compliance with, the provisions of the Municipal Finance Act (N.H. RSA 33:1 et seq., as amended); and to authorize the Selectmen to issue and negotiate such Bonds or Notes, and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such Bonds or Notes as shall be in the best interest of the Town of Hudson; and to allow the Selectmen and/or the Chief of Police to apply for, accept, and expend such federal funds or grants as may be available from federal agencies or programs, utilizing such grants or funds to reduce the funds to be raised and appropriated hereunder as may be determined by the Selectmen; or to take any other action relative thereto.
(By Petition) (Recommended by Budget Committee-\$600,000.00)

5. To see if the Town will vote to raise and appropriate the sum of \$200,000.00 to be used for improvements to Derry Street (NH Route 102 and NH Route 3A), including traffic signals, in conjunction with funds for improvements to Derry Street that was voted by the March 26, 1983 Town Meeting (Warrant Article No. 22). The sum of \$200,000.00 is to be raised by the issuance of Serial Bonds or Notes, not to exceed \$200,000.00 under, and in compliance with, the provisions of the Municipal Finance Act (N.H. RSA 33:1 et seq., as amended); and to authorize the Selectmen to issue and negotiate such Bonds or Notes, and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such Bonds or Notes as shall be in the best interest of the Town of Hudson; and to allow the Selectmen to apply for, accept, and expend such federal funds or grants as may be available from government agencies or programs, and to take any other action relative thereto.
(By Selectmen) (Recommended by Budget Committee)

6. To see if the Town will vote to raise and appropriate the sum of \$125,000.00 for the purpose of engineering and construction of an elevator at Town Hall, the purpose of which will be to make Town Hall accessible to the handicapped; any monies left over after said construction to be used to install heating, air conditioning and insulation at Town Hall. The sum of \$125,000.00 is to be raised by the issuance of Serial Bonds or Notes, not to exceed \$125,000.00, under, and in compliance with, the provisions of the Municipal Finance Act (N.H. RSA 33:1 et seq., as amended); and to authorize the Selectmen to issue and negotiate such Bonds or Notes, and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such Bonds or Notes as shall be in the best interest of the Town of Hudson; and to allow the Selectmen to apply for, accept, and expend such federal funds or grants as may be available from government agencies or programs, and to take any other action relative thereto.
(By Selectmen) (Recommended by Budget Committee)

7. To see if the Town will vote to raise and appropriate the sum of \$1,400,000.00 to be used for mitigating impacts associated with the existing Landfill off West Road and to implement and construct facilities associated with the future solid waste program for the Town; and to authorize the Selectmen to enter into any long term agreements with a private company pertaining to the solid waste program. The sum of \$1,400,000.00 is to be raised by the issuance of Serial Bonds or Notes, not to exceed \$1,400,000.00 under, and in compliance with, the provisions of the Municipal Finance Act (N.H. RSA 33:1 et seq., as amended); and to authorize the Selectmen to issue and negotiate such Bonds or Notes, and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiations, sale and delivery of such Bonds or Notes as shall be in the best interest of the Town of Hudson; and to allow the Selectmen to apply for, accept, and expend such federal funds or grants as may be available from government agencies or programs, and to take any other actions relative thereto.
(By Selectmen) (Recommended by Budget Committee-\$1,000,000.00)
8. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.
(By Selectmen)
9. To see if the Town will vote to accept numerous bequests as Trust Funds, for income to be used for the perpetual care of the various cemetery lots.
(By Selectmen)
10. To see if the Town will vote to authorize the Selectmen to pledge the credit of the Town in anticipation of taxes, said amount not to exceed the amount in the previous year's taxes, committed to the Tax Collector for collection.
(By Selectmen)
11. To see if the Town will vote to authorize and empower the Selectmen to sell and convey at public auction, or advertised sealed bids, any or all real estate acquired by the Town for unpaid taxes, pursuant to RSA 80:42 as amended in 1977.
(By Selectmen)
12. To see if the Town will vote, pursuant to Chapter 41 of the 1979 Laws, to authorize the Board of Selectmen to apply for, accept and expend, without any further action by the Town Meeting, funds or grants from Federal, State and other governmental units or from any private source, which become available during the fiscal year, subject, however, to the following restrictions:
 - a. Such funds or grants may only be used for legal purposes for which a Town may appropriate money;
 - b. The Selectmen are required to hold a prior Public Hearing on any action to be taken in connection with said funds or grants; and
 - c. Said funds or grants may not require the expenditure of other Town funds; or take any other action relative thereto.
(By Selectmen)
13. To see if the Town will vote to use any and all revenue sharing monies, estimated to be \$198,111.00, which will become available during fiscal year 1985-86, to partially offset the cost of hydrant rental.
(By Selectmen)

14. To see if the Town will vote to authorize the Conservation Commission to retain the unexpected portion of its 1984-85 appropriation, said funds to be placed in a special Conservation Fund in accordance with RSA 36-A:5.
(By Selectmen)
15. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 to purchase aluminum ladders for the Fire Department to replace some of the old, 40 year, wood ladders presently not safe to use.
(By Petition) (Not Recommended by Budget Committee)
16. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be used by the Hudson-Litchfield Alcohol & Drug Abuse Advisory Board toward continuation of programs like CHADA, STOPP or other programs related and directed toward the youth of the community.
(By Petition) (Recommended by Budget Committee)
17. To see if the Town will vote to raise and appropriate the sum to \$31,150.00 representing six months salaries for the following positions; to take effect (upon passage of the Charter) January 1, 1986.
- | | |
|--|-------------|
| 1. Town Executive Administrator | |
| \$25,000.00, plus \$2,000.00 benefits | \$27,000.00 |
| 2. Three members of the Board of Assessors | |
| at \$300.00 each | \$900.00 |
| 3. Fifteen Council Members at \$750.00 | |
| each (\$11,250.00), less the salaries | |
| of five Selectmen at \$1,600.00 each | |
| (\$8,000.00) | \$3,250.00 |
- (By Petition) (Not Recommended by Budget Committee)
18. To see if the Town will vote to raise and appropriate the sum of \$150,000.00 to be placed in a capital reserve account for the purpose of funding improvements to the Lowell Rd./River Rd. Corridor. The funds from the capital reserve account, in conjunction with contributions from developments affecting the Corridor, shall be used only for those improvements recommended in the Lowell Rd./River Rd. Corridor Study prepared by Vanasse/Hangen Associates in 1984/1985; or any amendment or update relating to that study, as authorized by the Planning Board; or any engineering or property acquisition related thereto. All interest accrued by the reserve account shall remain with the account and shall be applied to the same use as the principal.
(By Petition) (Recommended by Budget Committee)
19. To see if the Town will vote to raise and appropriate the sum of \$150,000.00 to be placed in a capital reserve account for the purpose of funding improvements to the Lowell Rd./River Rd. Corridor. The funds from the capital reserve account, in conjunction with contributions from developments affecting the Corridor, shall be used only for those improvements recommended in the Lowell Rd./River Rd. Corridor Study prepared by Vanasse/Hangen Associates in 1984/1985; or any amendment or update relating to that study, as authorized by the Planning Board; or any engineering or property acquisition related thereto. All interest accrued by the reserve account shall remain with the account and shall be applied to the same use as the principal.
(By Selectmen) (Not Recommended by Budget Committee)

20. To see if the Town will vote to form a study committee to develop a five-year plan concerning Town buildings.
(By Selectmen)

21. To see if the Town will vote to build and maintain a Boat Ramp and Emergency Water Supply Access Ramp on the Merrimack River; this ramp to be built on property now owned by said town; and said ramp to be built in a manner as proposed by the Hudson Boat Ramp Committee; and that the Town seek financial assistance from state and federal agencies to help defray the cost of building said Boat Ramp.
(By Petition)

22. To see if the Town will vote to raise and appropriate the sum of \$25,000.00 for the purpose of buiding and maintaining a Boat Ramp and Emergency Water Supply Access on the Merrimack River, at Merrill Park; and that the appropriated sum be used for the study, design of, permits and approvals for the construction of said Boat Ramp; and to seek financial assistance from state and federal agencies for matching funds, if possible.
(By Petition) (Recommended by Budget Committee-\$10,000.00)

23. To see if the Town will vote to raise and appropriate the sum of \$39,200.00 (salary and benefits) to hire two full-time Firefighter/EMT's, at a starting salary of \$290.00 for a 45 hour week, to help provide coverage at the Fire sub-stations during the daytime of the week days so that the residents, taxpayers, and any other involved incident requiring emergency assistance or other situations requiring attention and/or assistance may expect to receive a faster response to their needs than the Fire Department is now able to provide and where seconds may sometime mean the difference. This will also allow elimination of some of the present duplication of Fire apparatus which will create a savings by also eliminating maintenance, insurance and replacement of these vehicles.
(By Petition) (Recommended by Budget Committee-\$19,600.00)

24. To see if the Town will vote that, because of seasonal hot weather in the month of June that presents an unnecessary and unhealthy hardship, due to an ordinance which requires daytime racing only from noon to 5:45 PM until grammar school closing, the Hudson Speedway be allowed to operate on the first three Sundays of June between 3:00 PM and 8:30 PM in the daylight hours.
(By Petition)

25. To see if the Town will vote to raise and appropriate a sum of \$30,000.00 for the construction of a spillway for the outlet of Robinson Pond.
(By Selectmen) (Recommended by Budget Committee)

26. To see if the Town will vote to raise and appropriate the sum of \$15,000.00 to purchase a data processing system for Town Hall.
(By Selectmen) (Recommended by Budget Committee)

27. To see if the Town will vote to raise and appropriate the sum not to exceed \$35,000.00 for the purchase of a Hot Box and Infrared Machine for the Highway Department.
(By Selectmen) (Recommended by Budget Committee)

28. To see if the Town will vote to raise and appropriate the sum of \$5,500.00 for the purchase of a one-ton roller with trailer for the Highway Department.
(By Selectmen) (Recommended by Budget Committee)
29. To see if the Town will vote to discontinue a portion of an unnamed highway, which is presently assumed to be a Class VI highway, running in a north-south direction and being along the rear portions of the five lots shown on Plan No. 17062, as recorded in the Hillsborough County Registry of Deeds.
(By Selectmen)
30. To see if the Town will vote to raise and appropriate \$50,000.00 to construct roadway improvements at the intersection of Pine Road and Winslow Farm Road in accordance with the approvals previously granted by the Planning Board pertaining to the Winslow Farm Subdivision. (Note: the developer of the subdivision will pay \$26,250 toward the cost of this project, thus resulting in an estimated net cost of \$23,750 to the Town.
(By Selectmen) (Recommended by Budget Committee)
31. To see if the Town will vote to raise and appropriate the sum of \$40,000.00 for the purchase of one cab and chassis for the Sewer Department Vactor-Jetter now owned by the Town.
(By Selectmen) (Recommended by Budget Committee)
32. To see if the Town will vote to raise and appropriate the sum of \$18,000.00 for the purchase of a heavy-duty, four-wheel drive, pickup truck with plow for the Highway Department to be used to plow and serve as the mechanics' vehicle.
(By Selectmen) (Not Recommended By Budget Committee)
33. To see if the Town will vote to raise and appropriate the sum of \$200,000.00 for the purpose of continuing the Town-wide Paving Project, or to take any other action relative thereto.
(By Selectmen) (Recommended by Budget Committee)
34. To see if the Town will vote to raise and appropriate the sum of \$15,000.00 to air condition the Hills Memorial Library Building.
(By Petition) (Recommended by Budget Committee)
35. To see if the Town will vote to increase the base rate charged for Ambulance Service by the Town of Hudson to \$50.00, and to also charge \$2.00 a loaded mile in excess of 10 miles.
(By Selectmen)
36. To see if the Town will vote to raise and appropriate the sum of \$20,000.00 to restore the Hills Memorial Library building, according to the specifications in the proposal by Tewksbury Engineering Consultants' findings and recommendations.
(By Petition) (Recommended by Budget Committee)
37. To see if the Town will vote to raise and appropriate the sum of \$7,500.00 to purchase a suitable, mid-size vehicle for use by the Zoning Administrator, or take any other action thereon.
(By Selectmen) (Recommended by Budget Committee)

38. To see if the Town will vote to raise and appropriate the sum of \$24,700 (salary and benefits) to hire a full-time Fire Prevention Inspector for the Fire Department. This person will work a normal schedule of Monday thru Friday, 8:00 AM to 5:00 PM. The starting salary for this position would be \$380.00 per week for 45 hours.
(By Petition) (Recommended by Budget Committee-\$25,350.00)
39. To see if the Town will vote to raise and appropriate the sum of \$25,350.00 (\$20,280 payroll plus benefits) to hire a full-time Fire Prevention Inspector for the Fire Department. This person will work a normal schedule of Monday through Friday, 8:00 A.M. to 5:00 PM. This person will also be trained as an EMT in the event of being near a location when medical assistance is needed while doing inspections. The starting salary for this position would be \$380.00 per week for 45 hours.
(By Selectmen) (Not Recommended by Budget Committee)
40. To see if the Town will vote to authorize the Board of Selectmen to negotiate the granting of a right of way to William and Richard Tate through the Hudson Landfill to property owned by William and Richard Tate, for whatever consideration the Board of Selectmen may deem appropriate.
(By Selectmen)
41. To see if the Town will vote to raise and appropriate the sum of \$40,000.00 to establish a capital reserve fund for the purpose of having a revaluation of the Town and to appoint the Selectmen as agents to administer the fund.
(By Selectmen) (Not Recommended by Budget Committee)
42. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the purpose of purchasing computer equipment for the Police Department, allowing the department to become a participant of the State Police On-line Telecommunications System Network.
(By Selectmen) (Recommended by Budget Committee)
43. To see if the Town will vote to raise and appropriate a sum not to exceed \$14,000.00 for the purchase of a heavy-duty, four-wheel drive, automatic transmission, diesel pickup for use by the Hudson Fire Department to replace a 1953 used military vehicle that serves as a brush fire truck.
(By Selectmen) (Recommended by Budget Committee)
44. To see if the Town will vote to increase the salary of the Town Clerk/Tax Collector from \$19,834 to \$20,627 and the salary of the Town Treasurer from \$3,000 to \$3,400 and raise and appropriate monies for same.
(By Selectmen) (Not Recommended by Budget Committee)
45. To see if the Town will vote to raise and appropriate a sum not to exceed \$100,000.00 for renovating the Town Garage and possible construction of a salt shed.
(By Selectmen) (Recommended by Budget Committee)
46. To see if the Town will vote to raise and appropriate the sum of \$41,250 (\$33,000.00 payroll plus benefits) for the purpose of hiring two full-time employees to work within the Sewer Department; each employee to receive \$16,500.00 salary, plus \$4,125 in benefits.
(By Selectmen) (Not Recommended by Budget Committee)

47. To see if the Town will vote to raise and appropriate the sum of \$18,200 (\$14,560 payroll plus benefits) for the purpose of hiring a Secretary for the Zoning/Building Department.
(By Selectmen) (Not Recommended by Budget Committee)
48. To see if the Town will vote to raise and appropriate a sum not to exceed \$70,000 for the purchase of a new plow truck and body complete with sanding unit and plows. This vehicle would replace the worn out 1970 plow truck.
(By Selectmen) (Recommended by Budget Committee)
49. To see if the Town will vote to establish a capital reserve fund for the purpose of expanding the physical facilities of the Hills Memorial Library, to be called the Hills Memorial Library Building Expansion Capital Reserve Fund.
(By Petition)
50. To see if the Town will vote to raise and appropriate the sum of \$100,000.00 to be deposited in the Hills Memorial Library Building Expansion Capital Reserve Fund.
(By Petition) (Recommended by Budget Committee)
